SERMON NOTES

Core Values - Simplicity & Simplified Living Pastor Sheri Schaefer - January 28, 2024

Meditation Verse

Be very careful, then, how you live not as unwise but as wise,making the most of every opportunity, because the days are evil. Therefore do not be foolish, but understand what the Lord's will is.

Ephesians 5:15 -17 NiV

Simplicity; the quality or condition of being easy to understand or do, a thing that is plain, natural, or easy to understand.

Simplified living is about more than doing less, its being WHO God called us to be.

Simplified living requires more than just organizing your closets or cleaning out your desk drawers, it requires uncluttering your soul.

Simplicity is the key to making a complex life successful.
