## Blessed & Thankful

**GIVING  
TUESDAY**  
NOVEMBER 28, 2023

It's a wonder that Key Radio prevails—really! The station does not operate with a large staff or deep coffers of cash. Yet, despite all this, God has sustained His ministry for over 35 years! Upon reflection, it is clear that without a community of supporters and champions of the Gospel, Key Radio just wouldn't exist. Here's a list of some specific things for which we are grateful. *Continued on page 2.*

## EXCITING NEWS & UPDATES!

### NEW LOCAL PROGRAMS

Key Radio is pleased to announce two additions to the weekend lineup. *Because of Grace* is a 25-minute show with host **Dianna Carroll** who, through discussions, interviews, and devotional insights, plunges into the unsearchable depths of God's abundant grace. *New Morning Mercies* is a 55-minute Sunday morning music program hosted by **Meghan Otto**. It's a wonderful way to launch your week with praise and worship to our Redeemer, Jesus Christ. Times for these and our other great programs can be found on [keyradio.org](http://keyradio.org) or on the free Key Radio mobile app.

### HVAC \$24,000 GRANT

It was the 2018 fall issue of *KeyNotes* when we initiated fundraising efforts to replace our HVAC units. Now five years

and many uncomfortable days later, we are proceeding with installation! We thank our Key Radio friends who supported the project to the amount of \$14,207.

In addition, we are excited to announce that we were awarded a **\$24,000 grant from the Elmer H. Schmidt Christian Broadcasting Fund of Community Foundation of the North State**. The total is short of our initial goal, but our HVAC installer will allow us to do some of the work ourselves to help keep costs down.

### CLOSING THE BOOKS THE PRICE RELOCATION PROJECT

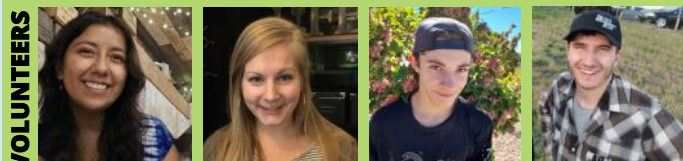

It was a project that morphed repeatedly. What started as a simple antenna installation on a leased tower turned into a project of epic proportions—buying property, building out a shipping container powered by

solar and wind, batteries, charge controllers, and tower construction. We did nearly all of the work ourselves to lower costs, and in the end we were able complete the project for approximately \$119K. Initially we anticipated \$900/month for lease and electric costs, but with our new arrangement we have an 11-year payback period—one year of which is already completed. Donations totaled \$109K, the difference coming out of the general fund. Whether the final dollar amount sounds significant or not, the cost was very high for staff in terms of actual blood, sweat, bruises, stress, hundreds of hours of planning and building, and many sleepless nights. But persevere, we did, by God's strength. Praise God for outfitting the Key Radio staff and volunteers to accomplish His purposes!

SINCE 1987, KEY RADIO HAS PROCLAIMED ETERNAL LIFE THROUGH CHRIST TO UTAHNS, BY TEACHING GOD'S WORD - THE BIBLE.

# BLESSED & THANKFUL

(continued from page 1)

**STAFF** These individuals have committed their lives to working without the expectation of a salary. Instead, they raise support and/or get supplemental employment to meet their personal needs. These faithful servants ensure daily operations continue.

**VOLUNTEERS** Without our selfless friends, Key Radio couldn't offer half of what is provided. Audio editors, lawn care, spot production, site construction, graphics, week-

ion. They add depth and insight, and have also become good friends to the Key Radio listening family.

**PRAYER WARRIORS** We know that there are folks who pray for the station. This is perhaps the reason why the Lord has seen fit to keep Key Radio broadcasting for so long!

**DONORS** The Lord may own cattle on a thousand hills, but He appoints stewards over them all! Our faithful donors are serious about stewardship and serious about

## PRaise THE LORD WITH US

Do we need more staff, volunteers, funds, prayer warriors, etc.? Yes! And we know the Lord will provide, as He has always done.
