THE MISSION

Our RiverTree family has experienced life-changing moments through our long-standing partnerships with missions in Aliquippa.

In western Pennsylvania, the small town of Aliquippa saw growth and prosperity with the establishment of a mill by the Jones and Laughlin Steel Company in 1905. By the 1940s, Aliquippa had evolved into a thriving community with around 30,000 residents.

However, when J & L Steel shut down the mill in the 1980s, Aliquippa encountered significant challenges. The closure led to a rise in poverty rates due to decreased job opportunities, causing the town's population to dwindle to approximately 9,000 residents today. This decline has left many businesses and homes abandoned, with over 90% of students in Aliquippa schools depending on subsidized lunches.

We partner with local missionary Scott Branderhorst in Aliquippa, who has prioritized building trust and community connections. Mission trips benefit Aliquippa and transform their lives, but this trip does amazing work in our own hearts and lives. Experience real-time life transformation and witness God's faithfulness through leaps of faith.

BASICS

Our Aliquippa Mission Trip is perfect for families and individuals wanting to serve as the hands and feet of Jesus, while still accommodating busy schedules. The trip, running from Thursday evening to Sunday afternoon, is conveniently located less than two hours away in Aliquippa, needing only one day off work. While child-friendly, we recommend children be at least 6 years old due to the type of service projects being done.
