

BLOCK PARTY CHECKLIST

Remember

- The Kingdom of God is like a mustard seed (starts small but grows over time).*
- Have ultimate motives not ulterior motives. Pray & dream that your neighbors would know & experience God's love for them through Christ. Serve, love and care for them as a whole person, not just in regard to their spiritual interest. And don't pull away if they aren't spiritually interested. Love people for the long haul.*
- Remove the word just from your vocabulary. It's never "just a party."*
- Every act done in faith pleases God and He causes the growth.*
