

RIVERSIDE CHURCH STAFF VALUES

FILL IT TO THE BRIM

To honor God and inspire people, we will strive for excellence in everything we do. God has given us a massive opportunity and responsibility and we will not take it for granted. Therefore, we will lead the way in stewardship, generosity, and service while never settling for good enough.

2

EMPTY THE BACKPACK

We are committed to fighting for relationships and traveling light by extending grace and speaking truth in times of conflict and accountability. We will stay curious first in order to express trust and respect to one another and make good assumptions. We will initiate feedback and receive it with humility. We will dig deep wells to serve and love out of the overflow and keep prayer as our strategy "A."

4

GET OUT OF THE BOAT

We are committed to courageously taking risks to follow Christ's leading. We would rather make bold faith-filled mistakes than remain safe and unchanged. We only fail when we are no longer willing to take risks, innovate, and learn from our experiences.

6

USE YOUR BLINKER

We are committed to being proactive and honest in our communication and feedback and to making sure everyone knows what they need to know when they need to know it. We won't just wait to be asked and sit on the sideline, we will proactively lean into the last 10% and close the loop.

1

TRIP ON THE GUITAR

Jesus and his mission are central to all we do. He died for the church and he died for me. I give my life to honor Him and reach the lost. I will be intentional to build relationships with people who do not know God, not as a project, but to show and share Jesus' love to them with the hope that they will choose to follow Jesus, be changed by Jesus, and commit to being on mission with Jesus. We keep the main thing, the main thing.

3

HOLD THE LADDER

We will do ministry as a team and look to be servant-leaders. Jesus came to serve others and through Him we are one body, dependent on each other and stronger together. We will use our gifts in support of one another to develop systems, strategies, and teams who collectively work smarter for greater impact.

5

DROP THE PHONE

We are in this together and strongly believe in having fun in what we do. We don't take ourselves too seriously and enjoy laughing a lot, especially at ourselves. We strive to use humor responsibly so that we don't hurt relationships.
