

ORCA Partners,

What an Amazing God we serve! School is back in Session at ORCA!

As you are already partners and givers to Operation Rebirth Christian Academy, let us say we thank God for you, for sticking with us and being a blessing during a hard time of transition. Your steadfastness to the mission and vision of ORCA has not gone unnoticed and is such a testament to your dedication to assisting us see young men discover a relationship with our Lord and Savior Jesus Christ and to seeing them thrive through a Christ centered, biblical-worldview education.

Since you are already in our family, we are sending this letter out to you first. This year, ORCA is doing something different and bold; we are believing for 100 churches, organization, and givers in the upper Miami Valley to give either \$100 a month for 12 months, or a one-time gift of \$1200. We want to see the entire body of Christ in our community engaged in changing the lives of these boys and their families.

Why the "+", because we don't want to limit God, at 100 giving \$100 will provide \$120,000 which a large portion of our \$280,000 needed to fund the school year. However, we know that with God there are no limits. At 100 giving just \$234 a month for 12 months or a one-time \$2,808 donation will fund the entire school year.

As part of the family already, we are simply asking you to agree in prayer with ORCA Board and StaJ for this campaign. We're praying that, through the power of God, it is not only successful, but far exceeds any man-conceived expectations; and that it is so incredibly obvious to everyone that the hand of God was involved, and all glory is His.

You probably are aware ORCA has gone through some struggles recently. But by God's grace, He has made it clear that ORCA was not finished, and there is more work to be done.

He has led us through some challenges and changes. Through His faithful answers to prayer, He has brought together an amazing team of believers. The new staJ are all extremely talented and excited about this mission of displaying Christ's love to these boys. We look forward to this fresh opportunity to disciple and mentor them spiritually, relationally, and academically, directing them all the while to God's Kingdom.

Please take the time to meet the new staJ members and board members on the attached information sheet.

We are a brand-new ORCA in sense of mission, purpose, and personnel driven to *serve* young men facing challenges in school, home, or community life, who are seeking a structured, faith-based environment. Many of our students, both past and present, struggle with academic, emotional, behavioral, or spiritual difficulties. Our vision is to be a transformative academy where these boys become young men of faith, wisdom, and purpose. In pursuit of this goal, we support our students by helping them develop the skills necessary for successful reintegration into their families and communities through a Christ-centered academic program. We are driven by the desire to demonstrate and see the love of Jesus Christ change the lives and situations of these boys, their families, as well as the staJ and board as we minister.

We believe the entire body of Christ has vital roles to play and therefore all are important. How amazing is it when many congregations come together as a single family of believers to pray, build up, encourage, and support one another's efforts and ministry?

We treasure every prayer lifted to the Lord on our behalf and have seen Him move in mighty ways in the past six months! As a prayer partner and/or giver, you will receive monthly updates as to what God is doing at the school and farm of ORCA.

We would love to share with you what Jesus is doing through this amazing, *refreshed* ministry. If you would like to see the changes to the facilities and farm and meet the new staJ of believers, we would love to speak with you about arranging a visit. Simply reach out:
