MASTERCLASS ROMANS

501 – Chapters 12-16

HOLD ON LOOSELY

ROMANS 15:22-29

According to the Vision Council, 75% of Americans need some kind of vision correction and 64% of us choose to wear glasses for that correction.

In the same way many Christians struggle to see life clearly and we are often in need of "vision correction." One of those corrections is making peace with the fact that there is purpose in waiting. Another would be the importance of holding our plans in an open hand.

In this week's text we will see the apostle Paul making plans for his future and yet we know, as good Bible students, that his plans would turn out to be different than God's plans. The question becomes, what will you do when that happens to you?

LIFE GROUP QUESTIONS 10-26-25

CONNECT

In our text this week we find the apostle Paul making travel plans. If you could travel anywhere in the world for a week, where would you go and why?

GROW

- What part of this week's service, text, or message stood out the most to you and why?
- Paul made life choices out of a sense of God-ordained purpose. How would you describe God's purpose(s) for your life at this present time and how does that affect your life choices?
- Has there been a time in your life when God made you wait on an answer to a problem? If yes, what did you learn about God and yourself in that season of waiting?
- We must always interpret life through a Biblical grid. What truths ought to make up that grid and why? What happens when we fail to do that?

MULTIPLY

What is one practical thing you can do this week to strengthen your Biblical grid? How can your Life Group help you with this?
