Genesis 2:15-17 is a very useful passage in this activity. In verses 16-17 we see that God clearly defined the rule and clearly defined the consequences for breaking the rule. Therefore, strive to make the rules clear, to give them a scriptural basis, and to clearly define the rewards for obedience and the punishment for disobedience. This process of filling in the chart should be collaborative involving both the parent and the child so that everyone takes ownership of that which results.

Rule	Reward	Discipline
