ANNOUNCEMENT

From Building and Grounds

The Building & Grounds Committee would like to make the membership aware of an upcoming maintenance cost. The paved parking lots, which were installed in 1995, are showing signs of deterioration and the committee has been working to identify the best solution. Conversations with professionals indicate that immediately making repairs, filling cracks and sealing the surface now would benefit us by gaining an additional 10-12 years of service for the existing lot. Estimates for this service now are \$16,000 - \$17,000, which we propose to occur in Spring 2024. Eventually, the lots on both sides of the church will need to be replaced. We do not yet have a confirmed figure for that cost but anticipate it to cost \$40,000 or more. We recommend taking steps toward setting aside money towards this expense through a Parking Lot Fund as well as making budgetary steps toward re-establishing our Major Expense Fund. Anyone can designate funds at any time towards these needs. Questions are welcome to any member of the Building & Grounds Committee as we work to maintain the beauty and function of our church.
