

Kid Life Visitor Policy

Kid Life provides child-friendly worship and small group programming on Sunday mornings during the 9:30 and 11:00 am services. All children, including first time attenders, must be registered at the Kid Life registration desk by either a parent or guardian. Children, ages birth through 6th grade are assigned to a specific classroom based on development, age, or grade.

We strongly encourage guests to attend their regular class. If a regular attender brings a one-time guest of a different age and the children want to stay together, we will make an exception, provided they attend the younger child's classroom.
