- **What are some ways you can worship God this week?**

Memory verse

"God, You are my God.
I want to follow You."
Psalms 63:1a

Today we learned about some of God's most beautiful creations! From icebergs to the Northern Lights, everything God created worships Him. Just like God made everything in creation, God made us, and we were made to worship Him! Anything we do that shows love to God is worshiping Him. From singing or dancing to being kind or telling God, "Thanks," we can all worship God. When we join with creation in worshipping God, our friendship with Him will grow!
