

Hi DFM Family and Friends,

Have you ever experienced a moment so powerful that it shifted your entire perspective? That is exactly what happened at **Pentecost**. It was the spark — the rushing wind, the tongues of fire, the sudden unity among thousands. But what came next? How did a flash of divine power become a sustained, daily movement that transformed the world?

“Every day they continued to meet together...” – Acts 2:46

This Sunday (August 24), we continue our *CHURCH. Finding Our Place* series with a look at how **daily rhythms of togetherness**—eating, praying, learning, sharing—shaped the early believers into a resilient, joy-filled, unified community. We will explore how the Spirit did not just launch the church at Pentecost ... It *sustained* it through **daily rhythms of connection, vulnerability, and shared life**. This is not just church history — it is your invitation to *belong, connect, and be renewed*.

Do not Miss It:
