

The Power of a Testimony

When Jesus visited the area of Gerasenes, upon stepping out of the boat, He was immediately met by a demoniac. Jesus' words to this man after his deliverance was to, ***"Return to your home and your family, and tell them all the wonderful things God has done for you."*** (Luke 8:39)

From one Samaritan woman's testimony, almost a whole village believed in Jesus. **(John 4:1-42)**

"He has done this for you so you can tell others how God has called you out of darkness into His great light." (1 Pet. 2:9) NLT

Testimonies Can Release Hope

That's what happened to Renee. Renee came to church that night worn down emotionally and physically from neck pain. Having been in several car accidents and suffering a severe neck injury at work, which resulted in 3 neck surgeries, she was reduced to the point of giving up.

That night Geralyn shared her testimony of God's healing power. She too had suffered repeated neck and back injuries incurred from 11 car accidents. After 25 surgeries, the pain had become so debilitating, that pain medication seemed her only option. She testified of God not only miraculously healing her body in a moment, but when He did, it totally fried the spinal cord stimulator that had been implanted in her body. She was also instantly delivered from addiction to pain medication.

When Geralyn went to her doctor to have this device removed, he advised against it due to the high risk involved. The stimulator had become part of her spinal cord, and one misplaced move could paralyze her for life. Geralyn insisted... ***"God didn't heal me for me not to trust Him with this 3.5 hour surgery."*** Surgery was a success and she walked out of the hospital without pain nor a need for pain pills.

In Renee's own words: ***"This impacted me greatly, and it was then I heard that little voice inside of me prompting me to go up and have this woman pray for my neck and complete healing. As she placed her hands on my neck and prayed, my body felt like it was on fire to where I was actually sweating. After she finished praying, and I stopped crying, I moved my neck all around like I had not been able to do for the past ten years!!"***

When Renee went back home to her little town of Wiggins in the east plains of Colorado, she shared her testimony of healing with the women in her Bible Study. Several women came up to Renee wanting God to touch them too!

Something was ignited in Wiggins as a result of these testimonies. Healing Wings has already made 3 trips to this area to pray for hungry hearts and those needing God's healing touch.

Philemon 6~ "And I pray that as you share your faith with others it will grip their lives too, as they see the wealth of good things in you that come from Christ Jesus." TPT

PLEASE CONSIDER DONATING

WE'VE BEEN BUSY LENGTHENING OUR TENT CORDS!

Since arming others to "shine like stars" has been this year's focus, one of our new emphasis will be targeting a three-city region to become a beacon of hope. This new mandate from the Lord seems timely. In these dark days, it's critical that people not lose sight of hope. More than ever, people need confidence that God is real, that He loves them and that He can truly transform their lives into something of value.

By taking our "House Fire" concept, we can ignite a blaze by:

- Hosting "House Fire Events" in each city for the purpose of worship, teaching, ministry and uniting communities.
- Training, equipping, then activating leaders to steward God's revival fires.
- Utilizing all who are invested for community outreaches in their city.

Because of the relationships we've developed in Wiggins, our first targeted region in Colorado will be Wiggins, Byers and Limon.

This is going to be amazing!
