Dear Church Family,

Hi Friends! Today I am highlighting Step #6 in our seven steps to success. This important step is outlined as follows: "Work – Income increased with a plan in place to save money." The goal of My Fathers House is to promote self-sufficiency. To alter the cycle of homelessness. To direct and ultimately empower our men to have confidence in their independence. Always remembering our mission statement, "A hand up – not a hand out." We encourage our men to be the best employee possible. To come early and stay late. To do more than what is asked and be eager to learn and grow. Kurt & I have received emails from Supervisors happy to report a My Father's House employee is a great worker and a valued an asset to his business. Those moments fill our hearts with joy!

Some of our men are completing their education or attending trade school while working part time. Many are in construction, maintenance, welding, forklift & truck driving, as well as painting and electrical work...just to name a few. The men are reminded that every job, no matter how small it may seem, deserves their best effort. They work hard for their future but more importantly to be an honest, hard worker for God. Thank you for believing in our men!
