

CREATIVE & TECHNICAL ARTS

Use your gifts as instruments of worship

Musicians, vocalists, and technical artists combine gifts and abilities to lead our church family in worship and teaching environments that utilize music or technology. Training is provided for technical positions & audition part of the application process for vocalists & musicians.

Serving Schedule: Accept or decline serving requests for a service or an event. Serve in worship on Sundays in the Auditorium, The Warehouse (Students) and in Gateway Kids. **Arts team members also support every weekday ministry at Gateway in different ministry settings.**

Vocalist**	Lead worship from the platform. Be an example of what it means to worship God during corporate worship.
Skilled Musician**	Demonstrate a posture of worship to the congregation. Must skillfully play an instrument.
Sound Engineer	Operate sound board for the purpose of allowing the congregation to participate in worship together on Sundays or at special events.
Lighting Technician	Operate lighting equipment to enable the congregation to participate in worship together on Sundays or at special events.
Videographer/Photographer	Capture footage and images of church events to share with the congregation, allowing them to remain connected and informed.
Presentation Computer Operator	Use software such as ProPres to project lyrics and images allowing the congregation to engage in worship together.
Camera Operator / Video Director	Operate camera equipment during services to help the congregation engage in and participate in worship.
Set Design/Decoration	Design and create sets and décor in the auditorium and throughout the church building to create beauty and enhance the worship experience.
Communion Server**	Serve bread and juice to the congregation to allow the congregation to participate in receiving communion.

***This position includes leadership responsibilities; additional requirements may apply.*
