

AI Policy for Our Christian Pro-Life Ministry

Effective Date: July 09, 2025

Purpose: This policy ensures our use of artificial intelligence (AI) aligns with our Christian pro-life mission, glorifying God and protecting those we serve.

1. Safeguarding Private Data

Policy: All client and personal data will remain confidential and secure, never shared with AI systems unless explicitly authorized.

Bible Reference: "Whoever guards his mouth preserves his life." (Proverbs 13:3)

Why: Protecting privacy honors the trust placed in us.

2. Respecting Content Ownership

Policy: We will only use content we own or that is publicly available, avoiding unauthorized material in AI systems.

Bible Reference: "You shall not steal." (Exodus 20:15)

Why: Ethical use of content reflects our integrity.

3. Verifying AI Outputs

Policy: All AI-generated connections and content will be carefully reviewed and validated before use.

Bible Reference: "Test everything; hold fast what is good." (1 Thessalonians 5:21)

Why: This ensures our ministry remains truthful and trustworthy.

4. Maintaining Authenticity

Policy: We will present ourselves authentically, never using AI to misrepresent our identity or mission.

Bible Reference: "Let your 'Yes' be yes and your 'No,' no." (Matthew 5:37)

Why: Honesty reflects our commitment to God's truth.

5. Using Authentic Images

Policy: Images will reflect reality, using real photos, minimally altered graphics, or photos properly purchased for marketing purposes, that honor God's creation.

Bible Reference: "I praise you, for I am fearfully and wonderfully made." (Psalm 139:14)

Why: Authentic visuals uphold the truth of God's design.

6. Prioritizing God and Human Relationships

Policy: We will focus on fostering relationships with God and people, avoiding language that personifies or anthropomorphizes AI.

Bible Reference: "Love the Lord your God... and your neighbor as yourself." (Mark 12:30-31)

Why: AI is a tool, not a substitute for divine or human connection.

7. Centering on God's Goodness

Policy: AI will be used to serve God's mission, not to prioritize efficiency, always pointing to Jesus' love as the ultimate answer.

Bible Reference: "Whatever you do, do all to the glory of God." (1 Corinthians 10:31)

Why: Our focus is God's love, not technological allure.

Conclusion: This policy ensures AI supports our mission while keeping Jesus at the center. Let us use technology to reflect His love and truth.
