

BISHOP'S INITIATIVE

WATER IS LIFE

Malawi's population is 18.6 million.

More than 50% of the population is under 18 years old.

WELL PROJECT

With the Evangelical Lutheran Church in Malawi

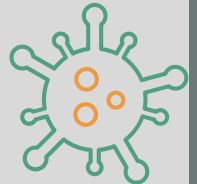

65% of rural areas have access to clean water services.

1 in 3 people don't have clean water to drink.

73% of health care centers don't have access to sanitation facilities.

Thousands of children die each year due to water-borne illnesses. This worsens after natural disasters.

Solar well designs can withstand more effects of climate change & extreme weather disasters.

Deep-drilled wells can provide clean water for thousands of people in a single area.

Access to clean water increases safety and education for women and girls.

GOAL:

\$25,000 raised by Synod Assembly - June 7-8, 2024

PROJECT:

Assist ELCM in building **two** new solar powered deep drilled wells.

Gifts for this initiative can be given via check, online, or on the synod app.
