

PAY DAY HAS COME!

I love Easter. It is the foundation for everything that we believe in. In the jungle it is celebrated more than any other holiday.

This last month people began coming to the house to thank us for bringing the word of faith to them. There are a lot of churches in the Darien. They all represent one piece of the Gospel being preached.

For example:

The **Methodist denomination** teaches us hospitality like no other denomination. The **Baptist denomination** majors in the salvation message. It puts a burden for the lost in everyone who listens to their message.

Because our vision is to reach across all the denominations, we are able to appreciate the specific part each of us play in preaching the gospel.

One lady came to the house and said that she went to a conference in the city and she realized that the message that we represented was "How our concept of the character of God affects our faith". It really blessed me because Dennis had a passion to make sure that people knew a God who loved them unconditionally. If you believe that your God loves you, you can have strong faith because it's all about the relationship that you have with God.

Another pastor came to thank us for being rooted in the word of God. He evangelizes a lot of everyone ask him where he got such deep insight of the character of God.

It really blessed me because Dennis had a passion to make sure that people knew a God who loved them unconditionally. If you believe that your God loves, you can have strong faith because it's all about the relationship that you have with God.

The children in our churches are very well trained in the Bible. Our children were visiting another church and the teacher told me how the kids were so knowledgeable of their Bibles. I told her we take it very serious to train them up in the word of God. She said well you have done a good job. Of course I thanked her and told our children's teachers what she said. They were so blessed to hear the testimony.

Ministry Needs

The ministry owns a 2001 large 250 Ford pickup. It is all rusted out and needs a lot of work done to it. I would like to sell it and buy one smaller so it is easier for me to drive. I don't want to carry cement and paint in the new vehicle.

By the way thank you so much for the new car. It is so reliable and that means a lot to me.

Prayer Requests

Please keep my health in your prayers.

Please pray for my safety living in the jungle alone.

Please pray for an end to the child sex trafficking going on in the jungle.

*Last month they captured a man taking immigrant children and selling them.
They use them for sex trade.*

COOKS RESIDENTS

Everyone is doing fine, just busy with life!

*I would like to thank all of our children for
the parts that they play in the ministry.*

*Even though their lives are very busy they
still play a vital part of the ministry.*
