2. What causes "spiritual drift" in our lives today? What are the cultural currents that try to move us in a certain direction?
3. How can you tell if you are personally drifting in your own spiritual life? What evidence would you point to?
4. What does Hebrews 12:2-3 tell us is the primary way to keep us from drifting away from the truth?
5. What are some practical ways of turning our focus away from distractions and onto the Lord?
6. With reference to the analogy of the US Supreme Court, do you believe that all Biblical passages carry the same "weight" or do you believe that the words of Jesus carry the most "weight"? (See John 5:36, Matt. 23:23)
7. How can "living with a full revelation of who Jesus is" keep us from drifting in our spiritual life?
8. How can "embracing sacrifice" keep us from drifting in our spiritual life?
9. Why isn't "being able to do whatever you want, whenever you want" the mark of true freedom?
10. How can "staying anchored in the presence of God" keep us from drifting in our spiritual life?
11. What does anchoring yourself in the presence of God look like for you practically?
