What thing(s) does God hate in your life?		
What did your path look like? / What does your path look like now?		

What do we take away...

A commentator writes, "David began the Psalm seeking help for himself but ended by seeking blessing for all the people, including his enemies. That's the way our devotional times ought to end."

As the calendar rolls over in a couple of weeks to 2026, seek the Lord's guidance as David did. Let God lead you through the trials that will invariably arise and petition him to make the path straight before you, so you don't get off in the weeds.
