Manage your automatic payments - all from one place

Easily manage all your subscriptions, recurring payments, and even one-time payments to certain merchants in one spot with PayPal. Set up PayPal as your preferred payment method on participating merchant websites and come back here to find and manage all your automatic payments.

Keep your financial details in one account and pay securely with PayPal on millions of sites.

Pay with PayPal at these popular merchants

Step 5: Scroll to the bottom of the page to "Stop paying with PayPal"

Note: You will be asked why you want to stop payments, but you do not need to leave a reason, just click on "Stop paying with Paypal" again, and it will complete the process.
