

Philippians 4: 6-7

Be anxious for nothing but **in everything by prayer** and supplication, with **thanksgiving**, ***let your requests be made known to God***; and the peace of God, which surpasses all understanding, will guard your hearts and minds through Christ Jesus.

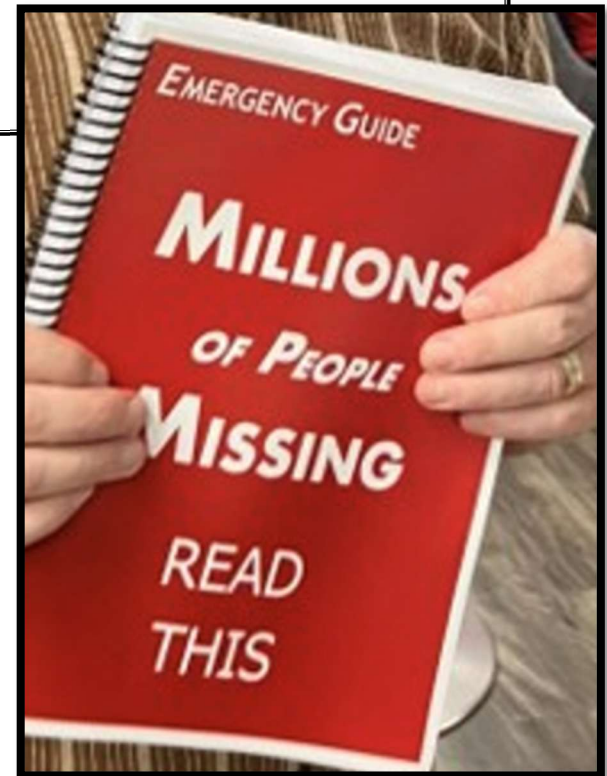

As a church, we prayed for God to guide us and give us a way to print the Emergency Guidebooks. At first, we thought we would need to have them professionally printed.

Then God gave us a way. He revealed it to us by way of an unexpected visitor to our church.

Take away from that: **Pray and ask. Let Him work!**

Here is how we make Emergency Guide.

The front and back covers are printed on 80 lb. glossy paper at a local print shop.

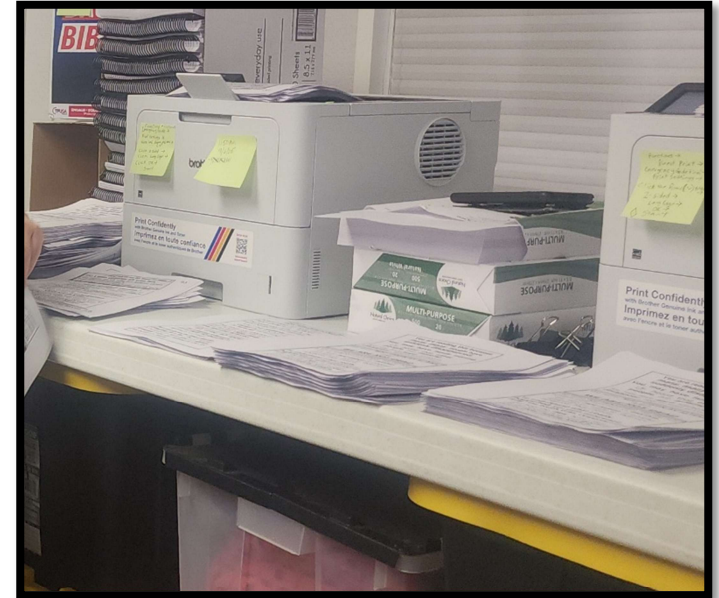

For the inside pages:

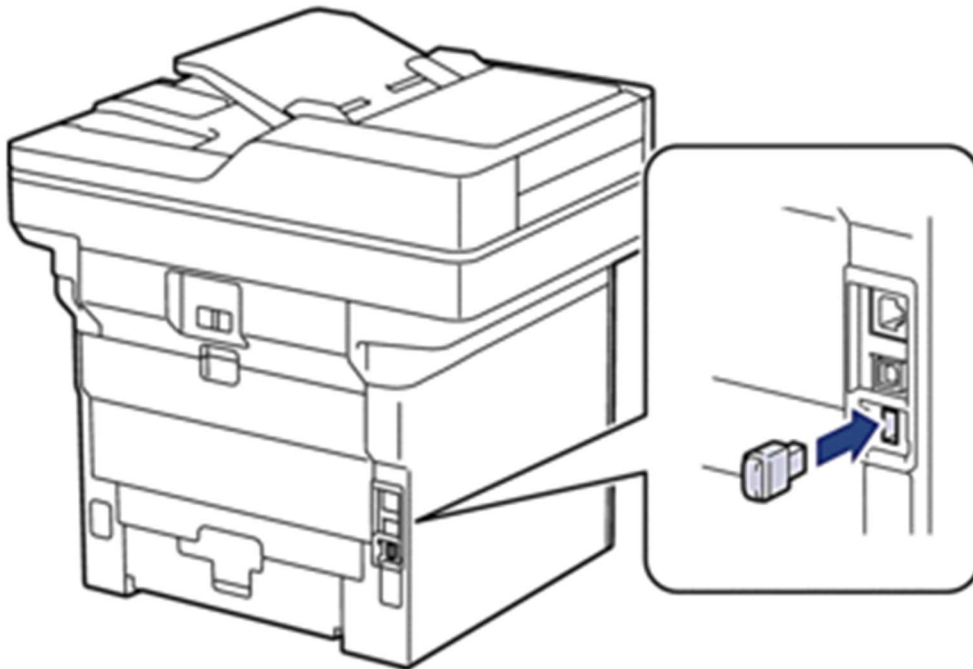

Printers

Brother

HL-L6310DW

1. Connect your USB flash drive to the USB port (Rear).

We use the Direct Print feature and print from Flash Drives that connect directly to the printers. No **need** to connect to Wi-Fi or any network.

But we do have the **ability** to connect the Wi-Fi. We have one of ours connected. This allows us to print specific pages when corrections are needed (usually due to toner changes).

Paper

The inside pages are printed on 8.5x11 20lb printer paper, which we are currently buying from Costco.

INK

The Toner and Drums we buy are the more economical, aftermarket versions.

These are compatible with our *Brother* printers without breaking our budget.

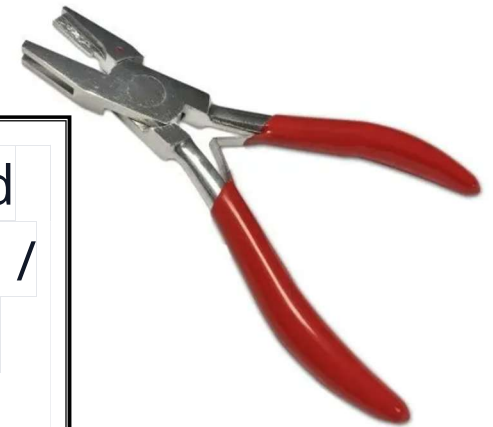

Amazon listing: MAKEASY Spiral Coil Binding Machine with 46 Fully Disengaging Pins - Electric Coil Inserter - Adjustable Side Margin.

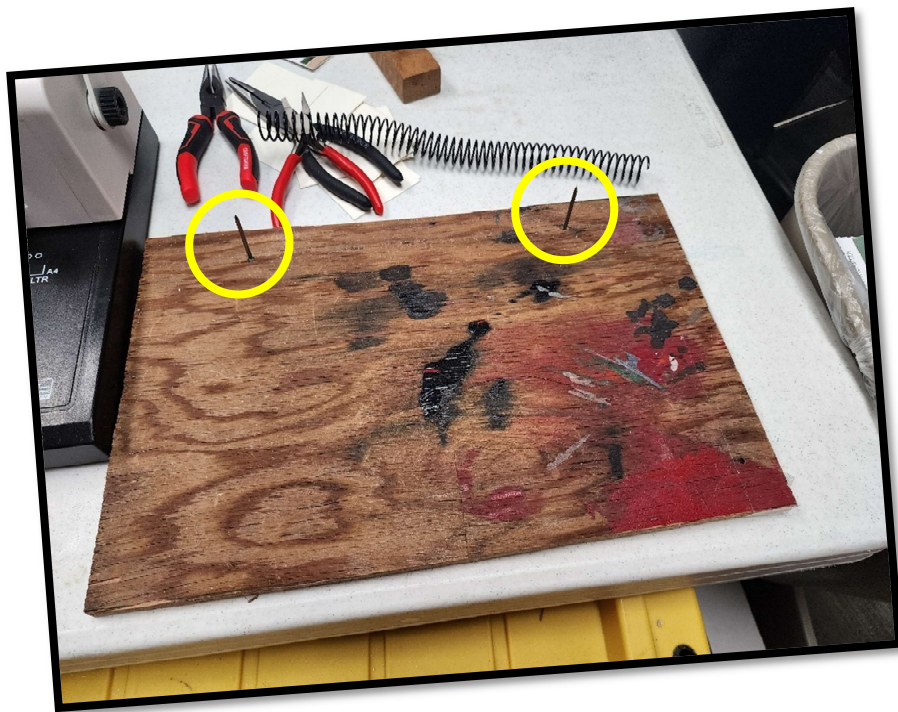

This will sometimes come with the pliers too.

This is the machine we use to hand punch all the pages for the coil binding.

The funny-looking black spiral on the top of the machine is the "fast" way to attach the coils. "Fast" after some prayer and practice.

Coil Hand Crimpers / Crimping Pliers

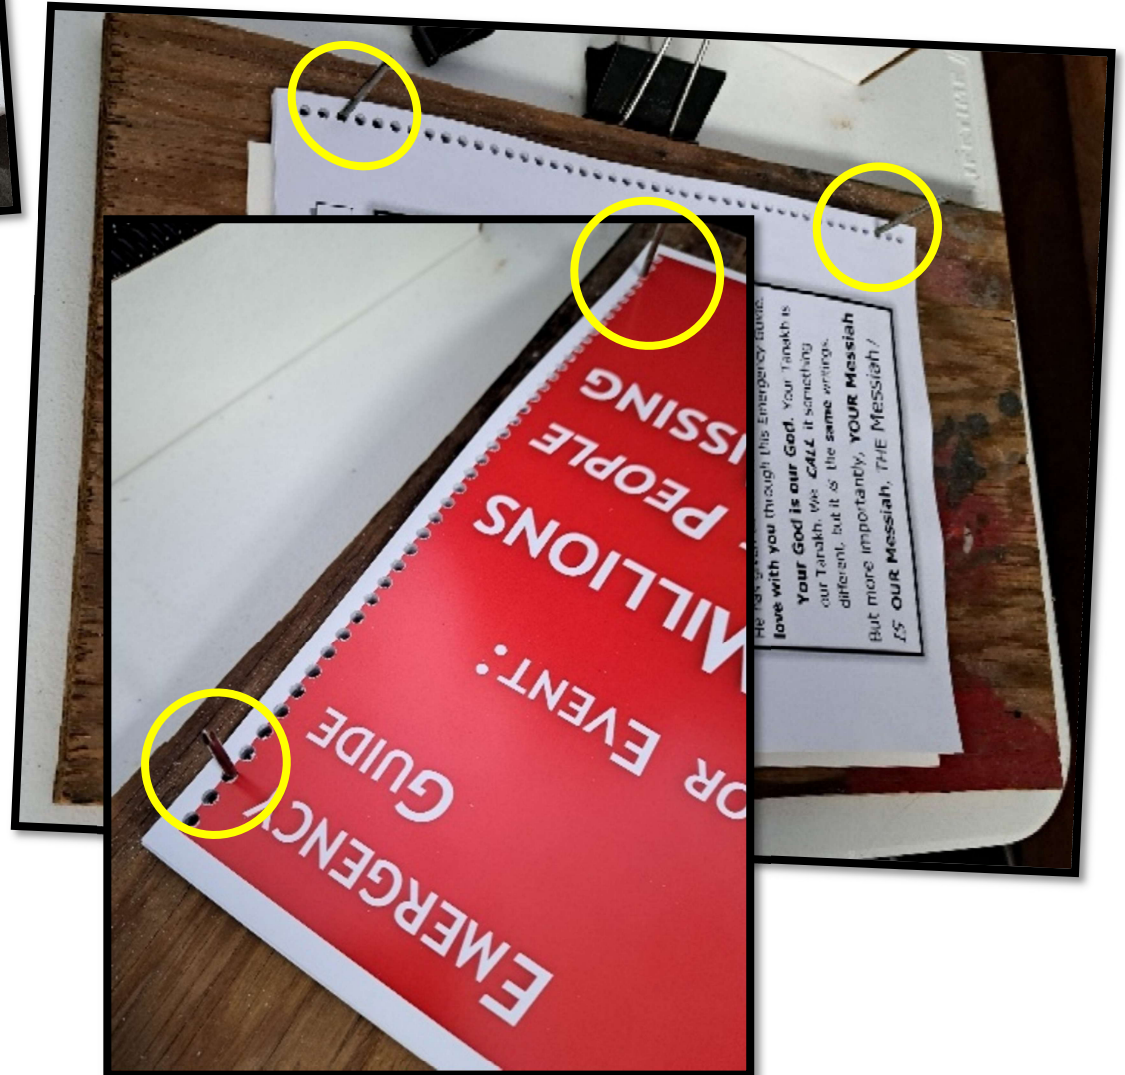

Our wonderful Lord blessed Pastor Jed with some awesome ingenuity.

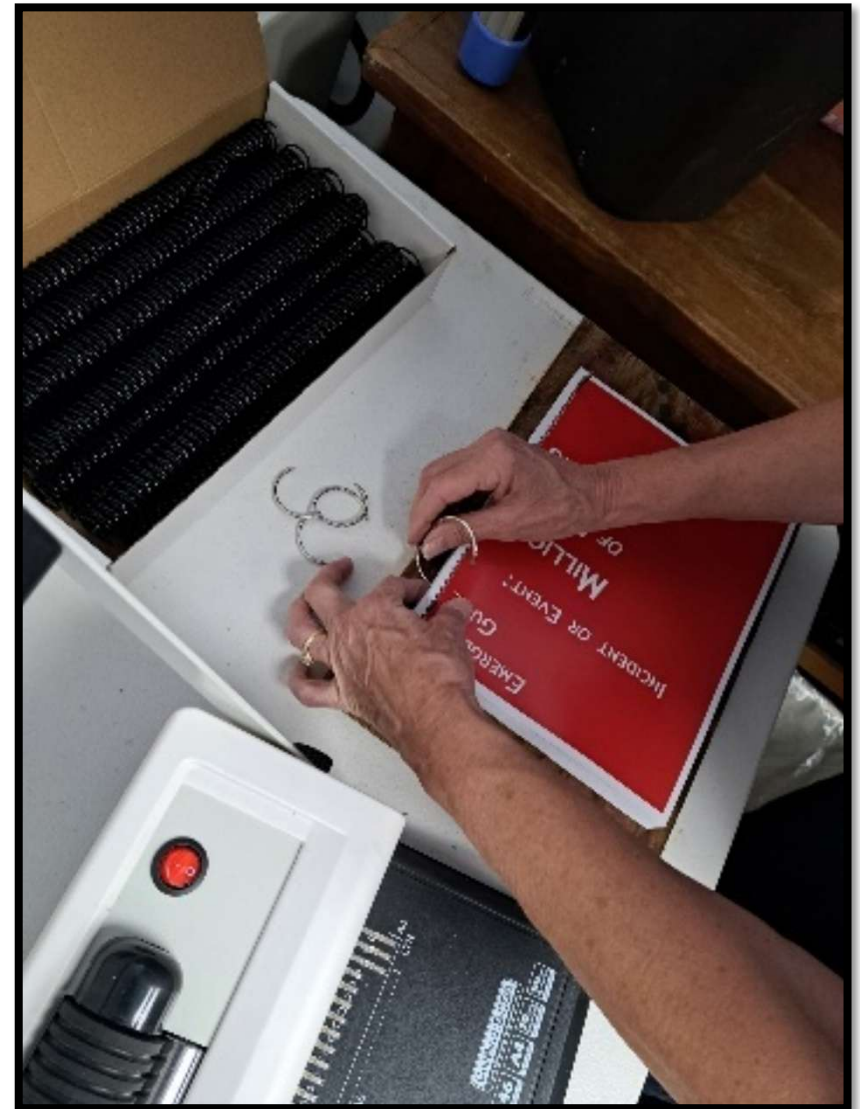

Patent pending on this little device.

just kidding 😊

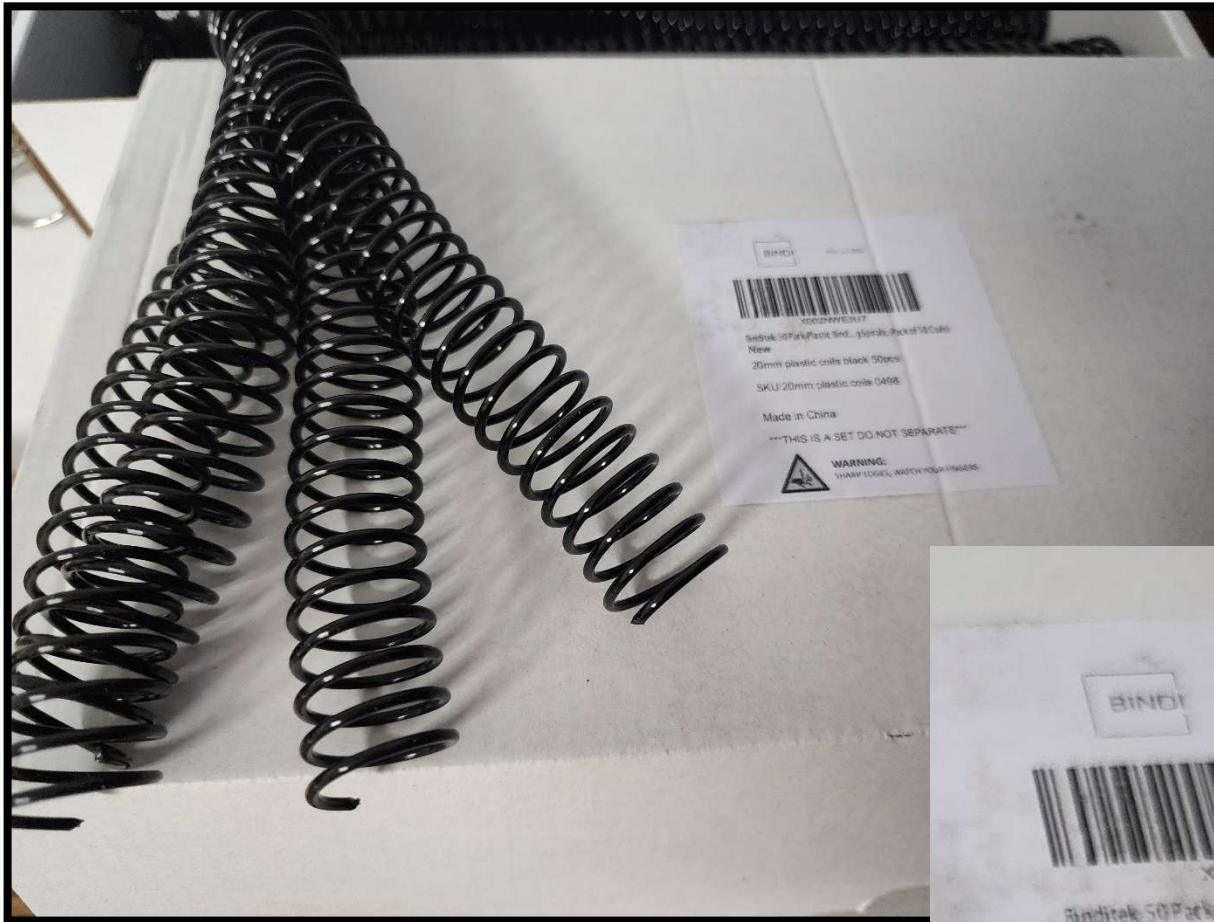

The pages are punched a few at a time and then flipped over and placed securely on the board (with 2 nails).

We punch approximately 10 -12 sheets at a time. The board holds them until we attach the metal rings.

Put the book rings on and the pages will stay together until you are ready to attach the coil.

20mm plastic coils black
(50pcs in the box)

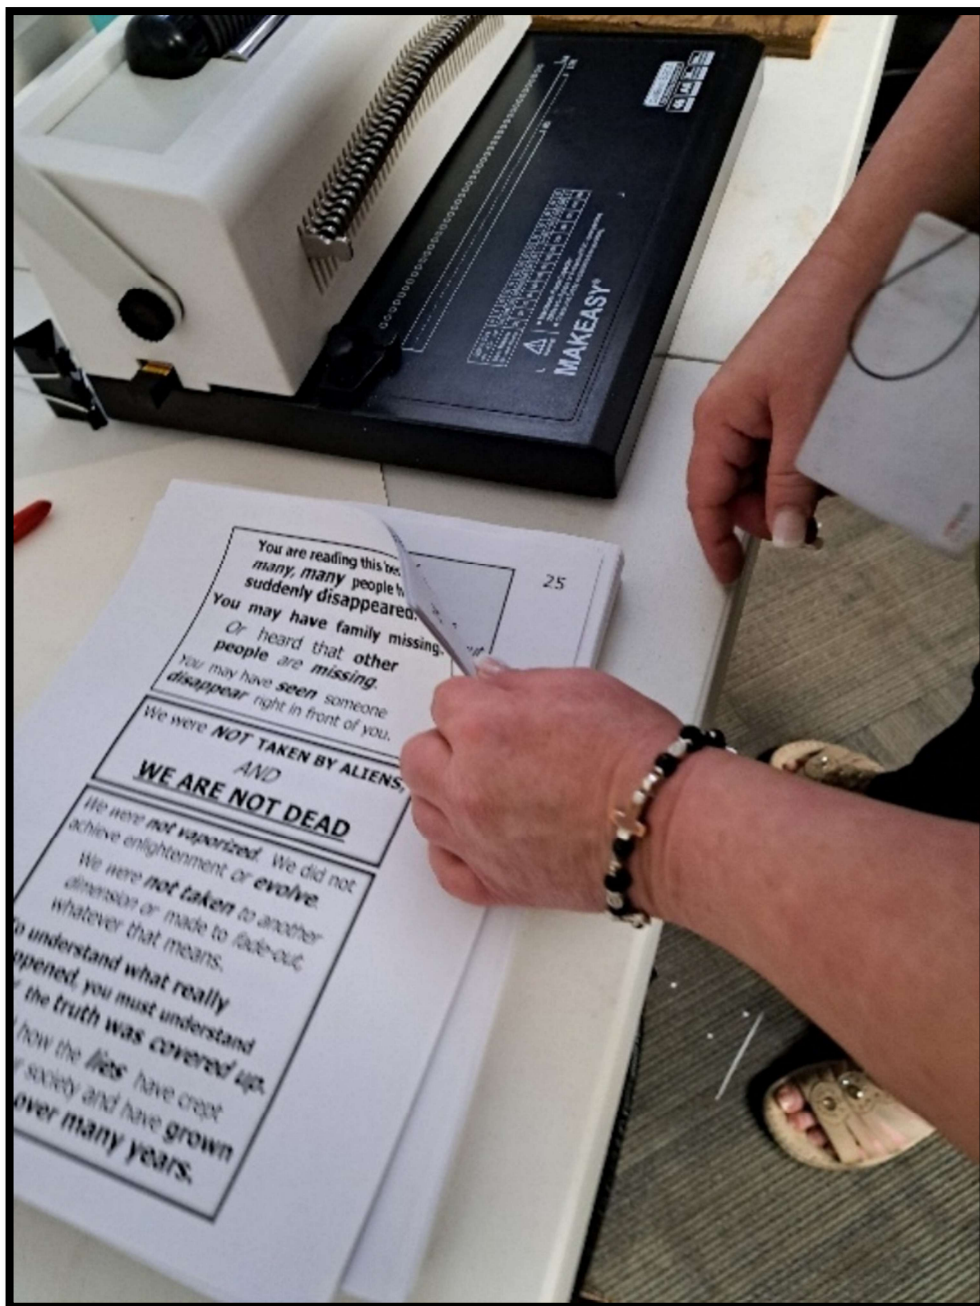

The black clips are great for holding the printed pages until you get ready to punch them.
Caution: they will dent the red covers.

Having the right supplies and tools will make the job much easier.
And developing a process that works for your group will go a long way to making the work go smoothly.

Don't forget prayer.
Without it nothing works very well,
including book making.

We punch approximately 10 -12 sheets at a time. Punching too many pages at a time can make the holes misalign. Plus it's difficult punch through the paper to make the holes if you're trying to do too many at once.

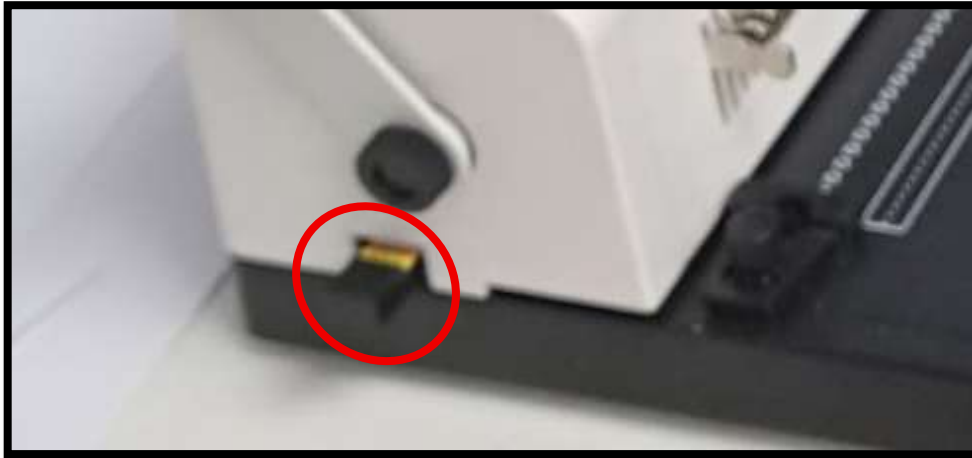

Don't forget to clean out the tray in the back of the machine that holds all the confetti you didn't know you were making.

You will want to do this every few books that you punch.

These PINS adjust how many and how far apart the holes will be punched.

We found that the setting that works best for us is ALL pushed all the way in EXCEPT for 1 on the very left and 3 on the very right.

This little lever on the left side of the machine determines how far the hole will be punched from the edge of the paper. We put this on the farthest 'outside' setting. Pulled out as far as it will go, which places the holes further onto the pages.

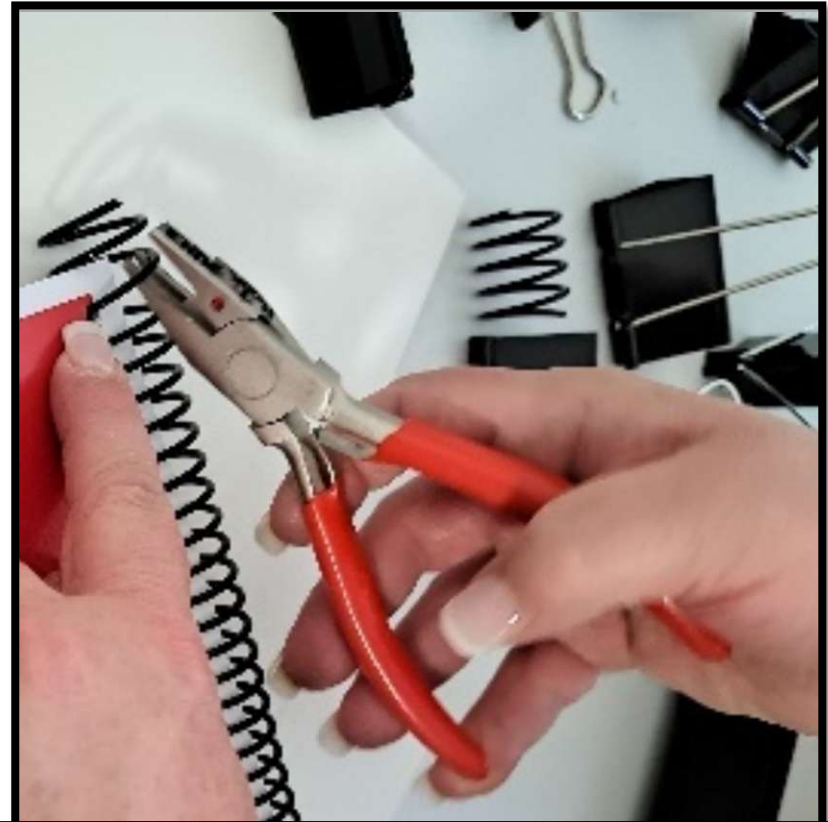

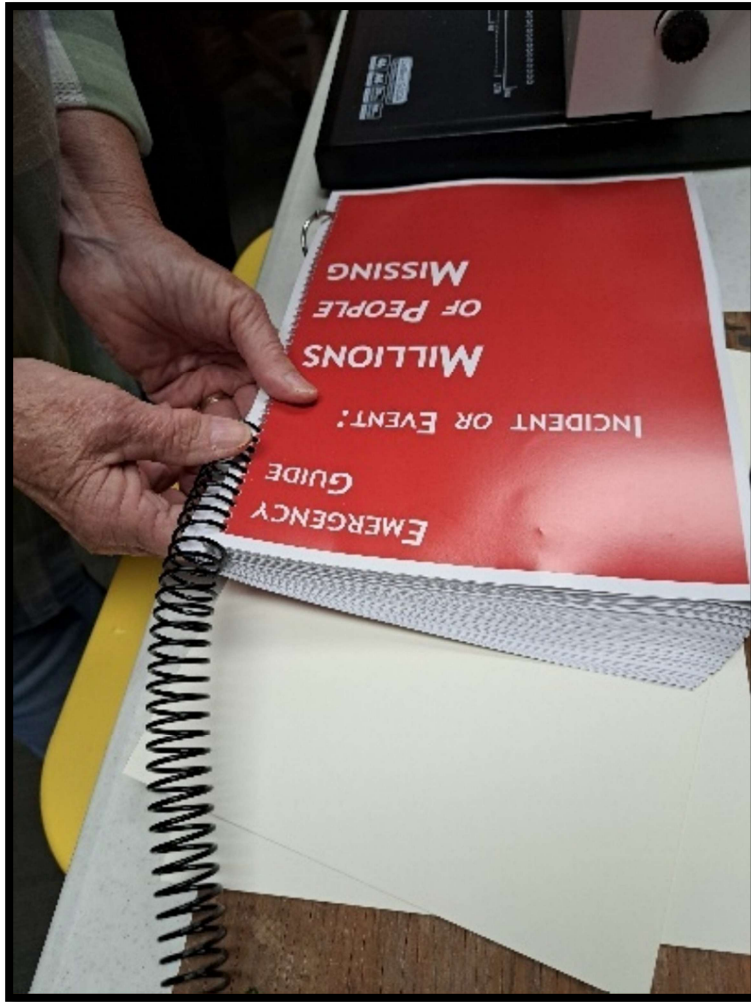

This is the electric coil inserter. It works but it takes practice. There is a technique that you will develop with practice and prayer. Also, you can use this from the front or back depending on which way you are most comfortable working.

If working from the back, use something with a little weight to hold the handle out of the way.

Tip: the rubber grips the plastic to pull the coil, which pushes it through the punched holes. Make sure not to hold the book in a way that will hinder the end of the coil from moving freely to the next hole.

The coils can be put on manually.

Holding the pliers and the book exactly as indicated in this picture (from the upper right corner), works best. Snip and bend to prevent the coil from coming back through the holes.

Snip and bend and flip the book end over end and repeat.

168 About the **Second Death** mentioned in the two previous verses....
Remember DEATH is not the End. Death is **Separation**. The first death, as we typically think of death, is the **separation** of the soul and spirit from the physical **body** as we know it. No matter **which way** we go, **Heaven** or **Hell**, we all get the physical **body** upgrade into a **Forever physical body**. The **Forever-Glorified** body is perfect without sin. Sin is the root cause of the **decay** in our first physical body.

The **Forever** body **CANNOT DIE**. But the **Second Death** comes after the final judgement when the people who do not want to love God are thrown into the **Lake of Fire** in their new **made to burn Forever** bodies. And even **worse**, the **Second Death** is the complete **Separation** from God, and **THAT IS** the truest definition of Hell. **Forever and ever and ever and ever...** See page 212 for a closer look at Hell.

Spiritual warfare is usually hidden. Most of the time we do not even realize we are being attacked.

But we have ALL been in a Spiritual War since we were born.

Spiritual warfare will come in different forms. It **CAN** even weaken you physically with injuries or illnesses.

Spiritual warfare can also come from other people who are being influenced through **demonic oppression** or even **possession**.

Keep in mind that **all the people you know** are under **spiritual attack** just as you are and they may not recognize it either.

Also, be aware that **ANIMALS** can be oppressed or even **possessed** by demons.

You are reading this because **many, many** people have suddenly disappeared. You may have family missing. Or heard that other people are **missing**. You may have **seen** people disappear right in front of you.

We were **NOT TAKEN BY ALIENS**, AND
WE ARE NOT DEAD

We were **not vaporized**. We did not achieve enlightenment or **evolve**.

We were **not taken** to another dimension or made to fade-out, whatever that means.

To understand what really happened, you must understand **why** the truth was covered up.

And how the **lies** have crept into our society and have grown popular over many years.
