1. When I'm a - fraid, I will trust in You. With crumb - ling faith,  
weak, I will trust in You. When cour - age flees,

I will trust in You. You are my God, Sov'-reign and strong. "Your will be  
I will trust in You You are my God, fort - ress, and shield. Arm - ies be -

done," will be my song. When I'm a - fraid, I will trust in You.  
fore You have to yield. When I am weak, I will trust in You.

My Help when fears are rag - ing; my Hope when mine is fad - ing.

Your voice can calm the storms with - in.
