

Greetings From Kentucky!

We continue to see progress in ministry. Over the past few weeks, we have witnessed some major hurdles cleared! We currently have two more homes ready for interior work. We are seeking teams to come drywall, tile, paint, and install flooring. From now on, each home that is worked on will be able to be tied to the main water and sewer system, meaning getting the move in ready should be much easier if we have the volunteers to help.

The beauty of a kitchen sink that hot and cold-water flows from and drains!

We were introduced to a new plumbing company this summer through a mission team connection. Vince is our new plumber. He has been here three times so far and is making plans to work two days a month. The first challenge has been going in behind different plumbers. He has almost got all the other plumbing issues straightened out. The rough in on the next homes have started! Contact me if you have any questions or interest in helping with plumbing.

Justin is our new electrician. He has been making progress on more rough ins and getting more lined up for inspection. He has one more home and the laundry house close to rough in inspection. Contact me if you have any questions or interest in helping with electrical work.

We are blessed to be working with both Vince and Justin. Over the past several weeks, we have seen more progress with contracted work than in almost a year. Now, we need construction teams and the resources to finish the homes that have been started. In addition to the three tiny homes to build ground up.

The Lord's Café crowd continues to grow. Last fall/winter, a skeleton crew of five was required to open. Our lunch crowd has doubled since last spring. Our average lunch crowd is 130; last week, we served 200 in one day. We need more volunteers and resources to provide lunch. For teams wanting to serve the week, we have new opportunities on the "non-café lunch" days. The One Hope Café To Go is also available to take out. In addition, we are preparing for the Annual Thanksgiving Dinner on Saturday, November 22. We are seeking donations

CCBC Faith Family @ The Light Community  
for Victory Reigns this fall.

Crossroads Community is also experiencing growth. Sunday morning and Wednesday evenings typically fill the large dining room. One interesting dynamic is the two groups of people who attend. Some are just able to come on Sunday morning, others just come on Wednesday evening, and some come to both. We are excited to see the new growth. Pray for us as we navigate growth and prayerfully move forward with future plans. Our faith family will meet on Sunday,

October 26, after the morning worship to discuss the future plans for CCBC.

Pray for us as we continue to see an individual, couple, or family join our staff team to help lighten the ministry load as ministry continues to expand. Pray with us for wisdom to move forward. Pray for resources, volunteers, and mission teams as we lean forward with God's plans. Pray for our family. Pray for additional support for both the ministry and our family.

Thank you for your prayers, partnership, and participation! We love to share with your church or churches about the ministry here. Know that God is answering prayers; He continues to use His people's partnership provide the resources needed.

Living Fluid For Christ,

Grant & Gina Hasty

We are currently booking mission teams for 2026.
