Monthly Financial Comments
April 2023

#### **Income Statement Comments**

The main impacts of the April Income Statement are outlined below.

<u>Income:</u> Giving receipts and Total Income in the month of April were both above budget. Giving receipts in the month of April brought year-to-date giving slightly above YTD budget (previously below in March). Income from food service, recreation and youth/adult trips were also all above budget. All together, cumulative YTD Income, including the NC Stabilization grant, continues to be ahead of budget by \$110K (and ahead of prior years as a % of annual budget).

**Expenses:** April expenses were approximately \$42.5K over budget, however most of this is attributable to expenses in the CDC that are covered by the NC Stabilization grant. When you adjust for the CDC variance (\$41.8K), April expenses were only (\$724) over budget. The largest variance in non-school expenditures was the mission trip expenses for Avery County, but this was offset by other savings. We expect the mission team's budget to balance out in future periods. All other ministries are currently operating within their YTD budgets.

Administration continues to see higher insurances expenses, but these have been offset by lower property maintenance expenditures. YTD admin expenses continue to be below budget (\$8.4K). Personnel costs YTD have also been significantly under budget (\$26K), helping to offset other variances.

April was a busy month with Easter celebrations, Quest activities, and more youth and adult retreats! Our mission & outreach team was focused on local activity with a mission trip to Avery County and supporting our partners at the Highland Renaissance School, Urban Ministry, Center for Community Transitions and Friends of Action.

<u>The Bottom Line:</u> Net Income for the month of April was negative, but right on pace with expected budget. Year to Date, Net Income was positive at \$311.4K, which is \$74.7K <u>above</u> budget for this point in the year (\$9.8K is attributable to School Activities and \$64.9K is attributable to non-school activities). So far, it continues to be a positive start to 2023 with ample congregational activities and balanced financial performance.

## **Balance Sheet Comments**

Significant changes in the Balance Sheet as of April 30, 2023, as compared with March 31, 2023, were as follows:

Line 22: Reflects regular change in account based on activity.

Lines 26 & 32: Reflects an increase in market performance during April.

Line 28: Immaterial change.

Line 36: Reflects decrease in cash primarily from April Net Income.
