2025 Bible Reading Plan

The Connection September-December 2025

“Bridging the Old and New Testaments”

This plan pairs daily readings from the Old and New Testaments to show their connections. Each week focuses on a specific theme or concept.

Bible Study Tips:

1. **Write:** Note the verses that stand out. Include the date, verse(s), reference (book, chapter, verse), and a title for the passage.
2. **Observe:** Understand the original meaning by asking:
 - Who is speaking and to whom?
 - Who wrote it, and what did it mean then?
 - When did this happen in Jesus’ life (before, during, or after the cross)?
 - Why was it written, and how did people respond?
 - Identify the genre (poetry, narrative, prophecy, etc.) and note key shifts (location, speaker, audience, thought). Decide if it’s prescriptive (teaching what to do) or descriptive (explaining what happened).
3. **Reflect:** Consider the text’s timeless truth. What takeaway applies to your life?
4. **Do:** Act on the Word. Apply it by sharing, praying, memorizing, singing, or obeying it.
