NEWSLETTER: THE CHOS~~E~~N CHRONICLES

Our vision is to build up a group of Kingdom minded people totally surrendered to God, who impact the community for His glory. Realizing that everything we need we receive when we put God first.

FROM THE PASTOR'S PEN

"I am a servant of God, and Jesus was the ultimate servant, therefore, I want to be like him. As a result, I will continue to promote this servitude in everything that I do, with my family, church, and in the community."

APRIL 2024 EDITION

WHAT'S HAPPENING AT CHOSEN?

A NEW FAMILY LIFE CENTER!

This is the year for our FAITH to be bigger than our FEARS. We often read articles on how to build wealth, and in this particular article it presented 32 ways to keep getting better. Out of the 32 ways, there were 3 ways that spoke directly in line with our Pastor's vision for The Chosen Church. They are as follows: Think Big, Challenge Yourself, and Face your Fears.

We as the Chosen Church will need to be intentional in order to obtain 1.4 million for our Family Life Center but through Christ all things are possible. To accomplish a goal, it begins with a thought and that thought is to THINK BIG 1.4 MILLION BIG! Secondly, we must challenge ourselves this season if we desire to be elevated higher, we must give more and do more for the Kingdom, and lastly this is the season to face our fears in every area of our lives because we are FREE! Remember, our Faith must remain Bigger, for us to accomplish our goal to obtain 1.4 million for our Family Life Center. Let's continue to grow together to reach all communities, and eventually the world. We are CHOSEN!

GENERATION CHOSEN

This ministry is to allow our teens and pre-teens to fellowship with each other, while building a strong relationship with Christ. We want to inspire, encourage, and equip our youth for their next level in God.

CHOSEN MERCH

"Early on, I learned that I prefer to see things in color. I could read a book and write a paper with no problem, but I preferred to paint my own vibrant colorful story expressed through various forms of art! As I began to navigate life, my creative art forms grew and often changed. I was expressing myself through braiding hair, drawing, and even cooking to now refurbishing furniture and designing/creating custom crafts and apparel. Growing deeper in Christ and centering my life around him, I knew I wanted to bridge that gap of expressing myself through art but with a focus on God."
