

LOVE GOD

SOLO 1

I've been trying to live a life that's good; do what's right, and do the things I should.

SOLO 2

I've been searchin' for a way to grow, for a plan to know which way to go.

SOLO 1 & 2

But now I think I know.

CHOIR

How do you hunger, how do you thirst for righteousness; is the question first? The answer lies in a combination that will blow your minds and change the nation. We wanna love God with all of our hearts, our highest goal, the place to start. But the next step goes hand in hand: to love our neighbors at His command. E! E! E!E! E! Even our enemies! E! E! E!E! E! Even our enemies!

QUEEN BEE: (dialogue) Listen, Bees! If we ignore the cries of the broken and oppressed, we will be out of touch with the heart of Christ!

QUEEN BEE

(singing) Love the Lord your God with all your heart and all your soul and all your mind,

CHOIR

the first and greatest commandment.

QUEEN BEE

(singing) And love your neighbor as yourself,

CHOIR

The second greatest commandment.

KIRBEE: (dialogue) Are you ready?

6 BEES: Let's go!

CHOIR

We wanna love God with all of our hearts, our highest goal, the place to start. But the next step goes hand in hand: to love our neighbors at His command.
