

We are praying that our lives would be pure and potent (not polluted by worldly influence and complacency).

- We pray against the loss of faith and for increased passion in discipleship.
- We pray that God would dispel darkness and lead people to overcome evil influences.
- We pray for more opportunities for people to step into godly communities through Journey Groups and Discipleship Groups, driving a need for multiplication.
- We pray that we and our mission partners would rise to the challenge of successfully reaching the lost under a unified mission.
