 - *(Jesus was doing things differently than how they had always been done, and He was making claims that they felt were alarming. He also spent time with people that the religious leaders avoided.)*

4. What happened in the synagogue with Jesus and the man with the weak, twisted hand?

5. How did the religious leaders respond when Jesus healed the man?
 - *(They got super angry and began to plot how to stop Jesus.)*
6. Why didn't the religious leaders understand the importance of what Jesus was doing?

7. Did Jesus let the thoughts and reactions of others control his actions? Why or why not?
 - *(No. He was always looking out for others, regardless of what other people thought or said about Him.)*
