

## **WHAT IS EXPECTED** OF EVERY GROW GROUP PARTICIPANT

To be handed out and discussed at the beginning of each semester.

**Groups Vision:** *Connecting Relationally. Growing Spiritually. Doing Life Together.*

### **Welcome to Grow Groups!**

Our Groups are designed to provide a valuable, safe, fun, and healthy way to develop discipleship through community. That simply means we are learning how to follow Jesus in community with others.

### **When you fully engage in your group you will...**

- **Connect Relationally:** Get to know each other by being authentically who you are and really listening to others.
- **Grow Spiritually:** Dig into the Bible. Search out Wisdom and Knowledge and take steps in your Faith. No matter where you are, growing spiritually should be a top priority.
- **Do Life Together:** Support each other through life's ups and downs. Take action when the time is right, just like a close and loving family would! Think "give", not "take".

### **As a participant in this group, we ask that you make this Group a priority.**

1. Attend each week, participate in group discussion and group events, and complete anything necessary to stay on pace with the Group.
2. Make a genuine effort to build authentic relationships by respecting, encouraging, caring for, and praying for others in this group.
3. Participate in outreach projects with this group to better serve our community.
4. Create a strong level of trust within the group by keeping all things shared private and confidential. Respect those who are bold enough to be authentic.
5. Commit to the Grow Groups' vision: "Connecting Relationally. Growing Spiritually. Doing Life Together."
6. Honestly explore the next steps along your spiritual journey.
