### The Why

In 2024, God placed the desire on Suzanne Gunn's heart to launch a "School Ministry Team" with the main objective to serve the teachers, faculty and administrators at the public schools in North Augusta and our Weekday program here at FBCNA.

Last year on each early dismissal day, with your generous goodie donations, our School Ministry Team brought sweet treats to our local schools as a "Thank You" for teaching our next generation. We want to do the same thing this year!

There are four early dismissal dates this school year, and our first one is August 20th.

### Are you Interested in serving on the School Ministry Team?

Suzanne is looking for others who share a desire to reach the teachers, faculty, and administrators in the public school system in our area, in hopes of building a team of people who would like to serve alongside her regularly.
