

Creation Series Week 1 | What's Your Story?

Genesis 1-3

Pastor David Ellis

August 3, 2025

For Discussion:

1. How does the way God creates in Genesis 1-2 teach us about who He is?
2. Read Genesis 2:18-23. What does this tell us about how God intended human relationships to be like?
3. What can we infer from the fact that Adam named all the animals before God created Eve?
4. How does Genesis 1-3 set the stage for the rest of the story of the Bible? What are the major themes it introduces that will recur throughout the rest of Scripture?
5. How has your knowledge of science supported or hindered your belief in God and His Word?

Response:

1. Through reading Genesis 1-3, what is the main characteristic or truth you take away about who God is? How does that impact your relationship with Him?
2. What part of your story do you struggle to see how it fits into God's story?
