

For Discussion:

1. Is the disagreement about creation and evolution really about the facts?
2. Why might someone never accept the truth of Scripture regardless of the number of confirming facts presented?
3. Do Christians need to know and understand all of the arguments to stand for truth?
4. Read Romans 1:18-25. What does this passage tell us about what we should see in the created world?
5. Why do some people not give glory to God for His creation?

Response:

1. For you, what area or topic regarding creation is most difficult to understand or accept?
2. What will you do to deal with the questions you have?
