

Pastor Scott is currently leading an 18-month journey through the Story of Scripture. Over 70 people are joining our weekly discussions as we read the Bible chronologically searching for the “Seed” and other major biblical themes.

It's not too late to jump in!

In-person and Zoom options are available, as well as easy-to-follow resources that are designed to help you grow in faith and biblical literacy. No matter where you are in your walk of faith, this study is for you!
