

Wisdom is finding out what you should do and doing it.

Read: James 3:13

DAY
1

Would You Rather

Play a game of Would You Rather with your family. Ask each other questions to see what everyone prefers. Some topics you can focus on are family, faith, and fun. Grow deeper in your family relationships by getting to know each other's likes and dislikes and more through this game!

For example, "Would you rather eat dinner at home or eat at a restaurant?"

THANK God that we can learn more about each other.

DAY
2

On the Search

Design and create some binoculars or glasses using craft items you have around your house. Carry your creation with you throughout the day. Look through them, keeping an eye out for people who are making wise choices.

ASK God to help you see chances to be wise.

DAY
3

Wise Choice

James 3:13 talks about living your life wisely. Live wise by how you talk to people and how you treat them. Read this week's verse and talk with your adult about how you can live wisely.

LOOK for ways that you can be wise this week.

DAY
4

Searching for Wisdom

We can grow in wisdom by reading the Bible, praying, and talking to others who are wise. Ask God to come beside you and help you grow in wisdom.

~~~~~  
 "Dear God, thank you for sending Jesus to be such an amazing example of wisdom. Please help me to continue to grow in wisdom and help me see wisdom in others, too. Help me live a wise life that shows others You through me. I love you. In Jesus' Name, I pray. Amen."  
 ~~~~~

KNOW that wisdom comes from God.

Wisdom is worth searching for.
