

Wisdom is finding out what you should do and doing it.

Read: 2 Peter 3:18

DAY

1

In Line with Wisdom

Cut a piece of paper into strips. On each strip, write a piece of wisdom. It can be a verse, quote, or something that you or someone else did that is wise. Tape your strips together lengthwise to create a long strip to remind you how you have grown in wisdom. Hang this somewhere to remind yourself and others about being wise.

LOOK for other ways that you can grow in wisdom this week.

DAY

2

Wisdom Says

It's kind of like "Mother, May I" but with a twist. "Mother" stands in front of the players. The players each take a turn telling "Mother" something that is wise. This can be a verse, short story, or something that you make up. If it is wise, "Mother" will tell you how many steps you can take forward. The first one to get to "Mother" wins!

KNOW that wisdom brings you closer to God.

DAY

3

Grow In Grace

Read 2 Peter 3:18 aloud. Repeat the verse a few times to help you remember it. Each time you say the verse, use a different voice!

THANK God for helping you grow in wisdom and grace.

DAY

4

Learning Wisdom

Through Jesus and others, we have seen amazing wisdom! Talk to God about what you have learned from Jesus and others and how you would like to grow. You can say your own prayer or use the one below.

~~~~~  
 "Dear God, thank You for sending Jesus to be such an amazing example of wisdom. Also, many people we have learned about in our Bible stories have been so wise. God, help me to take what I learned and put it into practice. Help me to seek wisdom and to live wisely today and every day. Thank You for all you have shown me. Amen."

~~~~~  
ASK God to help you continue growing in wisdom.

Never stop growing in wisdom.
