## **Tentative Groups to Address**

### **Pennyrile ADD Tentative Groups to Address**

A component of the Public Involvement Plan (PIP) that the Pennyrile ADD is required to comply with as part of the SAFETEA-LU (Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users) involves the PADD staff attending various civic and government meetings and requesting speaking opportunities to inform the public about the transportation planning process.

The following is a list of the originations that the Pennyrile ADD staff plans on addressing in FY 2021 to provide a presentation on the statewide planning process, as well as regional state transportation planning projects. This is a tentative list and these meetings may be adjusted due to the Covid-19 crisis, or meeting other requirements of the organizations.
