RENOVATION & EXPANSION

Purchase of 2 School Buses: \$65,000

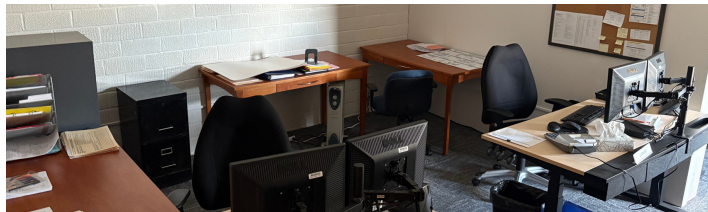

Initiated: Spring 2024

We have expanded our transportation options by introducing two new school buses. One of the buses will serve students commuting from Niverville and Blumenort, with a daily round-trip. These buses helped support our goal of making Christian education more accessible to families in surrounding communities.

3 Classroom Expansion: \$100,000

Completed: Summer 2024

Last summer, we built three new classrooms to meet the growing demand from families eager to join our community. Our first “Not Golf Tournament” Fundraiser was able to support this initiative. We were able to accept more students and add new courses because of this expansion.

Front Office Conversion: \$10,000

Completed: Summer 2024

We recently renovated a storage room to create a functional space for our new office staff. It's been exciting to see the transformation—from cluttered shelves to a bright, organized workspace that better serves our school community.

5 Classroom Expansion: \$615,000

Completed: Summer 2025

We renovated a large library to create six new classrooms—four for teaching, one for art, and one as a media lab. The library was moved into 2 new spaces; one for Early Years and the other for Middle and Senior Years. It's been amazing to watch the space transform into a vibrant learning environment that meets the needs of our growing student body.

Service Road Link: \$20,000

Completed: Spring 2025

This past spring, we connected a new service road link to help ease traffic flow during busy drop-off and pick-up times. Vehicles can now enter and exit more smoothly with little congestion during these times.

New Classroom Furnishings: \$100,000

Completed: Summer 2025

This fall, we completed our classroom build, and with that comes new furnishings. Our classrooms received brand-new desks, chairs, and lockers. Staff and students unloaded the shipping container and assembled hundreds of items to help complete the project.

RENOVATION & EXPANSION

Multi-Million Dollar Campus Purchase

Initiated: Spring 2024

We have purchased the campus space previously shared with Steinbach Bible College, marking a major milestone in our school's growth. We're excited for what's ahead and grateful for the decades of partnership we've shared with the college.

Roof, Fire Panel & Waterline: \$50,000

Completed: Summer 2024

Last year, we tackled some important infrastructure upgrades at Steinbach Christian School, including a repair of a damaged waterline. We updated our fire panel and detection end points, and repaired our roof which gives us peace of mind.

Flooding Fall '24 & '25

In Progress: 2025

The past two Septembers have been very wet, leading to flooding. We have been working hard to make sure the repairs are complete without impacting other project timelines.

North Building Stair Repair: \$8,500

Completed: Fall 2025

This summer, we upgraded the stairs in the north building from the 2nd to the 3rd floor to meet current building code standards. It's a small change with a big impact.

School Computer Upgrades: \$65,000

Completed: Summer 2024 & 2025

We have upgraded our school computers to high-processing models. Students can now login and run their programs with ease, especially in media and design classes where speed really matters.

Campus Security Cameras: \$10,000

Completed: Fall 2024

Last year, we upgraded the campus security cameras at Steinbach Christian School to improve coverage of areas where vehicles and pedestrian traffic intersect.
