

TESTIMONIALS

"I have become more open to talking about God with my friends. I often hear that the way we act, people will notice and ask questions and that's where we get to share our faith with them."

– SCS Student

"Steinbach Christian School is like a puzzle, there are so many different people here and each one is unique. But we all slide into place together and work together and it's so beautiful."

– SCS Student

"This is my first year teaching at SCS, and it has been nothing short of a blessing. Being able to share the Gospel with children and start our day off with prayer is so beautiful, and I am so excited to watch the students grow in their academics and faith as the year progresses. The teacher community is amazing, and I have loved being a part of a Christ centred community that focuses on building one another up with the love of Christ."

– SCS Teacher

"SCS blends the importance of strong education with the development of personal faith. As a teacher, I have the privilege of equipping students with essential skills and knowledge while encouraging excellence in their work. I also get to walk alongside them in their spiritual journey, teaching about Jesus and working to nurture a deeper relationship with God. Discipleship is woven into every part of school life – from the classroom to recess, the hallways, and extracurriculars. I am grateful to work alongside a team that genuinely cares for students – academically and spiritually."

– SCS Teacher

"SCS has been an answer to prayer. Our son loves learning and socializing so this school is a welcome change from last year. He has made friends, joined the volleyball team, and talks positively about his classes, teachers, and coaches. He looks forward to coming to school and LOVES that there are intramurals at lunch. The students are kind and welcoming, and notices the positive connections between staff members. SCS should be very proud of the caring and welcoming atmosphere the staff have created."

– SCS Parent

"We greatly appreciate the Christian foundation: teachers, staff, chapels and curriculum. In a growing school you have managed to keep it personal with reading buddies, small groups, and mentor/mentee opportunities. We have also really seen our kids blossom as there are many sports options, musical opportunities and field trips that help them explore the world that God has made."

– SCS Parent

"Watching my grandchildren thrive at SCS has been such a blessing. They are excited about going to school and getting involved. As a grandparent, it gives me peace knowing they're surrounded by staff and students that support their faith journey."
