

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2023 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2023 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It

- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2023 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

	Describe in the field below how your CoC:	
1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;	
2.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and

(limit 2,500 characters)

- 1) Each month, the Executive Committee identifies any gaps in participation and/or voting members of the board and selects who will reach out to that person/organization. Since the last application, our CoC has replaced 4 retiring voting Board members and added 3. Vacancies are filled as-needed and the invitation process is communicated at each annual meeting in January.
- 2) All COC providers are trained annually by the State of FL Dept. of Children & Families(DCF) in deaf & hard of hearing and other communication barriers. DCF provides interpreters and other appropriate electronic devices free of charge. Each month we are required to report to the Dept. of Children and Families how many interpretation and other services were used. The CoC website also features the latest accessibility "widget."
- 3) The Florida Keys are a chain of islands and the cultural community within them does not vary greatly. As most of the population is located in Key West, most of the members are located there; however, the CoC does perform outreach by attending and promoting events in the Middle and Upper Keys. Specifically, the CoC has three voting members based in the Middle Keys (Marathon) and one in the Upper Keys (Key Largo/Islamorada). Organizations serving LGBTQ, BIPOC and persons with disabilities are voting members of the Board of Directors.

(limit 2,500 characters)

1. Monroe County(the Florida Keys) is a 120 mile long chain of mostly rural islands, which presents a challenge to participation. The CoC conducts its monthly board & planning meeting and other committee meetings (HMIS, PIT, executive, Veterans review team and Youth Action Board) mostly via Goto Meeting since the beginning of the Coronavirus Pandemic. The CoC website invites anyone to join the meetings and describes the invitation process. We also maintain a Facebook page which continues to add followers to advertise fundraisers, recruit volunteers, etc. We are a member of the "Upper Keys Community Resource Council" (UKCRC) which is a collection of churches & other service providers that are not necessarily members. UKCRC meets monthly and has become a critical part of the PIT in the Upper Keys. Finally, the COC vice-chair participates in Rotary to network with the for-profit community. These activities engage diverse organizations throughout the Keys.
2. The CoC communicates via social media, the CoC website, the distribution of monthly minutes, and other forums including Rotary and the Business Guild when appropriate.
3. From a technical standpoint, the HMIS team reviews system performance, data quality or APR on a regular basis. Grant scoring is partially based on these important data items and is voted upon by the full Board. CoC leaders attend regional conferences as possible & have forged working relationships with other COCs throughout Florida including the attendance of weekly "Office Hours." New since the last application, the Youth Action Board has been a forum for soliciting events and ideas by youth (formerly homeless and otherwise), and the Board of Directors authorized the Youth Action Board to delegate a member of the CoC with full voting rights.

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
	NOFO Section V.B.1.a.(4)

3. The full Board voted on the project ranking process in the August 2022 monthly meeting. In that meeting, the threshold requirements were reviewed and approved. As noted on the ranking score sheet, any applicants that do not meet the threshold requirements would not be considered.
4. All of the information was disseminated by email and on the CoC website, which includes the latest accessibility "widget."

4.	provided information to Consolidated Plan Jurisdictions to address homelessness within your CoC's geographic area so it could be addressed in the Consolidated Plan update.

(limit 2,500 characters)

Note: Monroe County does not receive ESG funds directly from the federal government; rather, we receive it as an annual grant through Florida Department of Children & Families (DCF). DCF then monitors the CoC performance.

1. Working w/DCF Office on Homelessness, we have developed performance standards for ESG recipients. DCF writes the standards into our Contract. DCF checks the HMIS reports submitted with the monthly invoices for reimbursement to ensure that minimum service levels are met and that the activities being funded are compliant.

2. The COC Ex. Director reviews each program recipient's monthly invoice to ensure minimum service levels are met and that activities are appropriate before sending to DCF. The invoice includes an evaluation of how many clients served, how many NEW clients served, how many obtained income or benefits, and number of services provided. ESG program recipients were determined by an Oversight Committee composed of board members who are not recipients nor competitors for the ESG dollars. The Oversight committee ranked proposals from each program recipient – including scoring based on past performance - and also determined funding levels for each activity based on the proposals and the needs of the County that are discussed monthly. The Oversight Committee's proposals were then reviewed and voted by the full Board of Directors. ESG performance is tracked monthly by Florida DCF (minimum standards must be met to be reimbursed) and semiannually using CAPER reports.

3. The CoC provides PIT and HIC data to the DCF.

4. Monroe County is a non-entitlement area and as such does not have a unique Con Plan. The state of FL updates the non-entitlement Area Consolidated Plan based on the information the COC provides to DCF and the COC reviews it annually.

The McKinney-Vento Act for the Education of Homeless Children and Youth requires school districts to designate a local homeless liaison to carry out the duties described in the Act and to inform school personnel of these duties. The liaison is a member of the CoC. The CoC collaborates with the liaison to ensure that Homeless children and youths enroll in schools of that district; that homeless families, children, and youths receive educational services, including Head Start and Even Start programs and preschool programs administered by the local educational agency, and referrals to health care services, dental services, mental health services, and other appropriate services; that the parents or guardians of homeless children and youths are informed of the educational and related opportunities available to their children; that the educational rights of homeless children and youths are disseminated where such children and youths receive services; and that parents or guardians of a homeless child or youth, and any unaccompanied youth, is fully informed of all transportation services, including transportation to the school of origin (the school the student attended when she/he became homeless or last school attended) and is assisted in accessing transportation to the selected school.

The CoC posted and distributed the 2022-2023 Title I Parent and Family Engagement Plans (PFEPs). The purpose of the Parent and Family Engagement Plan is to create a roadmap for collaboration because the District believes that children learn best when family members and teachers work together. Students with involved families no matter what their income, background or language are more likely to do better in school, stay in school longer, like school more, and be productive citizens of their community and country. The CoC took part in a review of these plans to help the District strategize successful school and family interactions. The CoC distributed a list of current Title I schools with direct links to each of the PFEPs, as well as a link to the Parent/Community Feedback Survey.

(limit 2,500 characters)

Note: Domestic Abuse Shelter, Inc. (DAS) is the primary DV service provider in Monroe County. The CoC also coordinates with the Florida Coalition Against Sexual Violence (FCASV) through a local organization that manages a sexual assault response team (SART).

1. These providers are part of the subcommittee that reviews CoC Policies and Procedures at least annually.

2. The location of DAS is never revealed and client names and PII are not shared. DAS provides training to other non-DV providers as needed and annually. There is also a help line that can be reached by text message, implemented during COVID lockdowns but continued indefinitely, in case a victim is shut-in/quarantined with their abuser or otherwise cannot safely make a phone call. The CoC has a transfer plan that includes identifying when engagement of law enforcement is appropriate. DAS is a recipient of ESGCV funds and has allocated nearly all of it to Rapid Rehousing. DAS also works closely with the other housing providers and FCASV to safely transfer clients from the emergency shelter to a safe, permanent setting.

Training can range from a one-time, hour-long session to a five-week minicourse. Professional groups include: Law Enforcement, Health-care Providers, State Attorney's Office, Officers of the Courts, educators social workers, teachers and clergy. Community education is offered to all interested groups in Monroe County, including Coordinated Entry staff, schools, civic organizations, drug and alcohol rehabilitation programs, clubs, businesses, and programs for troubled youth. Community education is also provided through the media, including television, radio, and newspapers. Participation in health fairs and other community-sponsored events provide further educational and outreach opportunities.

|----|--------------------------------|
| 1. | safety planning protocols; and |
| 2. | confidentiality protocols. |

(limit 2,500 characters)

- 1) The location of DAS is never revealed and client names and PII are not shared. The plan also determines when to "lock down" a client record or use a code name in HMIS so that services can still be recorded, but confidentiality is protected. DAS provides training to other non-DV providers as needed and annually. There is also a help line that can be reached by text message, implemented during COVID lockdowns but continued indefinitely, in case a victim is shut-in/quarantined with their abuser or otherwise cannot safely make a phone call.
- 2) The COC has a transfer plan that includes identifying when engagement of law enforcement is appropriate.
- 3) DAS and FCASV do not enter client information into the HMIS. When invoicing for ESGCV, DAS redacts any information that may be used to ID a client. They use their own database and provide count information for PIT and needs assessments as required.

1C-5d.	Used De-identified Aggregate Data to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section V.B.1.e.	
	Describe in the field below:	
	1. the de-identified aggregate data source(s) your CoC used for data on survivors of domestic violence, dating violence, sexual assault, and stalking; and	
	2. how your CoC uses the de-identified aggregate data described in element 1 of this question to evaluate how to best meet the specialized needs related to domestic violence and homelessness.	

(limit 2,500 characters)

1. Whether the client has experienced domestic abuse, violence, assault or stalking is an HMIS assessment question upon program entry, annual follow-up (for programs longer than 1 year) and exit. This (along with other barriers) is evaluated semiannually using System Performance reports. To ensure confidentiality, we do not integrate our HMIS with the database used by Domestic Abuse Shelter (Osnium)
2. Domestic Abuse shelter does provide Point in Time and other data without providing names or other personally identifying information. DAS also regularly attends COC meetings and works with other providers when their shelter is at capacity. From this data we are able to evaluate and focus on areas where Monroe County is struggling (housing and mental health). In addition, Florida Council Against Sexual Violence created a Sexual Assault Response Team in Monroe County last year, which further helps the COC coordinate with Domestic Abuse Shelter and other providers to identify weaknesses and special needs.

The CoC performs targeted outreach - asking "trusted" clients to participate on subcommittees, to assist with grant writing projects, and to help shape priorities and identify concerns. In particular, we recruited youth from the Transitional Living Program to create a Youth Action Board, to participate in the YHDP submission and to sit on the CoC Board of Directors. For the upcoming special NOFO the CoC created a workgroup and requested at least one client with lived experience from each agency that applied for funding. We don't anticipate that folks with lived experience to be looking for us on Facebook or other social media outlets.

4.	considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area.

(limit 2,500 characters)

1. For renewal projects, the CoC analyzed each project's most recent APR submission in sagehmis.info.
2. APR Q22c measures the length of time between project start and housing move-in. Our CoC awarded full points to programs that placed clients in housing within 15 days after referral.
3. Our CoC has prioritized housing those who are experiencing chronic homelessness. For that reason, under "severe need populations" we awarded 20 points if 25% or more of the clients were chronic. This calculation was done by Q26b from the APR.
4. The CoC used some "subjective" rating factors - scores that cannot be objectively calculated from an APR question - in the project rankings, including experience with federal funds, how the program understands and meets the needs of the clients served, how the cost effectiveness compared to other nprograms, and how the agency considers equity factors.

1E-3.	Advancing Racial Equity through Participation of Over-Represented Populations in the Local Competition Review and Ranking Process.	
	NOFO Section V.B.2.e.

(limit 2,500 characters)

1. The agencies applying for renewal are comprised of Latino, BIPOC and LGBT members and clients. Projects are scored on equity factors including having BIPOC and LGBT representation on their management, leadership and board of directors and whether their data can be disaggregated.
2. As 4/5 projects were renewals, and the membership voted to use the HUD project-rating-and-ranking tool as in the past several years, the CoC did not change the rating factors for this year's competition, as the HUD tool covers these quite thoroughly.
3. The membership of the independent oversight committee are comprised of several Latino, BIPOC and LGBT members. The oversight committee is made up of board members who do not receive CoC funding as to eliminate conflicts of interest.
4. The particular projects ranked this year did not identify any barriers to participation by minority races or ethnicities.

2. This program competition, two programs in particular had not spent last year's award fully, and were warned that they would be candidates for reallocation if they did not fully expend next year.
3. None were reallocated this year.
4. All five programs were determined as "needed" by the community as all five operate at (or very near) capacity and all five serve slightly different populations.

2B-3.	PIT Count—Effectively Counting Youth in Your CoC's Most Recent Unsheltered PIT Count.	
	NOFO Section V.B.4.b.	

	Describe in the field below how your CoC:
1.	engaged unaccompanied youth and youth serving organizations in your CoC's most recent PIT count planning process;
2.	worked with unaccompanied youth and youth serving organizations to select locations where homeless youth are most likely to be identified during your CoC's most recent PIT count planning process; and
3.	included youth experiencing homelessness as counters during your CoC's most recent unsheltered PIT count.

(limit 2,500 characters)

1. The CoC engaged the Youth Action Board, the drop-in center for youth, and the schools in order to raise awareness and secure volunteers.
2. The Youth Action Board agreed to do "private outreach" among people they knew, that otherwise might not come forward or want to be counted in the survey. Unfortunately the schools collect survey data that is protected for privacy concerns, so many students who are "doubled up" cannot be counted.
3. The providers know from experience that youth tend to congregate at the drop-in center, in certain areas like shopping areas around schools, and where young liveboards tend to come ashore for the day for work. The county is divided up into zones based on this experience.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section V.B.5.a and V.B.7.c.	
	In the field below:	
	1. describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2022 and 2023, if applicable;	
	2. describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2022 and 2023, if applicable; and	
	3. describe how the changes affected your CoC's PIT count results; or	
	4. state "Not Applicable" if there were no changes or if you did not conduct an unsheltered PIT count in 2023.	

(limit 2,500 characters)

1. There were no changes to the sheltered count methodology for 2022. We use HMIS data, or we obtain (depersonalized) data from comparable systems such as the one used by the Domestic Abuse Shelter.
2. The CoC did not do an unsheltered count for 2021 due to COVID. However, the methodology we used in 2022 was the same as in 2020 and before.
3. The count for 2022 was higher than in 2021 (sheltered only) and 2020 (both populations), but we do not attribute that to changes in methodology. The CoC believes homelessness was up slightly both due to COVID and the sheltered count was up because the weather was unusually cold for the Keys during the 2022 count.

2C-1.	Reduction in the Number of First Time Homeless--Risk Factors Your CoC Uses.	
	NOFO Section V.B.5.b.	
	In the field below:	
1.	describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;	
2.	describe your CoC's strategies to address individuals and families at risk of becoming homeless; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time	

(limit 2,500 characters)

1. The COC Coordinated Assessment (CAS) workers are located countywide including mental health facilities, food pantries and program provider's sites. They are trained in identifying individuals and families that are at risk of becoming homeless or newly homeless. The CAS workers use the HMIS to access and identify resources to prevent homelessness or to quickly find housing for newly homeless individuals and families. The HMIS data is reviewed to discover specific risk factors and determine if these risks are localized to one area or county-wide.
2. Along with the risk factor process described above, the CoC offers homelessness prevention assistance via TANF, ESG, Florida state-funded "Challenge Grant" funds, private funding, and the Monroe County Social Services to reduce the number of first time homeless. We allocated a significant portion of ESG and ESGCV, TANF and Challenge funds to homelessness prevention.
3. The CoC Board of Directors is responsible for oversight and the Executive Director is responsible for the implementation of the strategy.

2C-1a.	Impact of Displaced Persons on Number of First Time Homeless.	
	NOFO Section V.B.5.b	
	Was your CoC's Number of First Time Homeless [metric 5.2] affected by the number of persons seeking short-term shelter or housing assistance displaced due to:	

1.	natural disasters?	No
2.	having recently arrived in your CoCs' geographic area?	No

2C-2.	Length of Time Homeless—CoC's Strategy to Reduce.	
	NOFO Section V.B.5.c.	

In the field below:

1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

(limit 2,500 characters)

1. The COC requires all funding recipients to use the HMIS (Client Track), to implement Coordinated Entry, and to observe Housing First principles. CE workers are trained to prioritize services and housing to individuals and families who are chronically homeless, followed by those experiencing the longest time homeless who may not meet the definition of chronic, in order to get them stably housed. Starting in March 2019, the COC opened a new Rapid-Rehousing program, which is already proving to be quite successful in achieving successful exits to permanent housing. Since then, this program has had an 88.89% success rate in successful exits to permanent housing (source: HMIS System Performance metric 7b.1).

2. In 2019, the COC implemented a waiting list in HMIS, which can be used to sort individuals based on length of time homeless (or other factors). The HMIS/CE committee meets monthly and this list is reviewed as a standing item and referred to the appropriate agency for action.

3. The CoC Board of Directors and Chair of the Planning Committee is responsible for oversight of the strategy.

2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing—CoC's Strategy	
	NOFO Section V.B.5.d.	

In the field below:

1.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;
2.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.

(limit 2,500 characters)

1. The HMIS/CE committee meets monthly to analyze client departures. This data is shared with the full membership. One of the most challenging issues that faces Monroe County is the lack of affordable/workforce housing. This problem is due to the quadruple impact of high land values, land limited by geographic and environmental features, a tourism economy with a prevalence of lower paying, service-sector employment, and a housing supply limited by the controlled Rate of Growth Ordinance (ROGO). The state limits growth in Monroe County because the island chain has been designated an Area of Critical State Concern and is required to be able to evacuate its population in 24 hours for an approaching hurricane. The FMR in Monroe County is the highest in the State of FL. Often, people in ES or TH leave the county (either on their own or with relocation assistance from the COC) and may not be counted as a successful exit. Other times, the ES/TH provider may be unable to find permanent housing that is affordable to the client as rentals do not stay on the market for long. The PHA has waiting lists that, depending on the program, may take years. The COC strategy for improving this situation is: 1. improving and strengthening the COC's working relationship with local landlords, affordable housing providers, and the PHA; 2. Getting the PHA to add a homeless preference to their admissions policy (this is ongoing); 3. Continuing to build, expand, and develop Rapid Rehousing and permanent housing programs; and 4. continuing to work with local governments to be flexible on building rules (such as height restrictions) and density rules to allow for more workforce and other affordable housing units.

2. Upon entry into the PH system, all clients are assigned a case manager. Agencies provide resources for clients including financial, employment and personal counseling; transportation; medical referrals and payment; drug & alcohol treatment; & wellness activities including yoga, to reduce and manage anxiety - a common affliction for the homeless. These resources, and the nature of a small community that does not have a large number of permanent housing options, are the reason for a 94% successful retention rate.

3. The CoC Board of Directors and Chair of the Planning Committee is responsible for oversight of the strategy.

2C-4.	Returns to Homelessness—CoC's Strategy to Reduce Rate.	
	NOFO Section V.B.5.e.	

In the field below:

1.	describe your CoC's strategy to identify individuals and families who return to homelessness;
2.	describe your CoC's strategy to reduce the rate of additional returns to homelessness; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.

(limit 2,500 characters)

1. The HMIS/CE committee meets monthly to analyze and discuss client data. This data is also shared with the Board and Planning committees. The COC is aware that if a client can retain housing for the first 6 months, the risk of returning to homelessness is dramatically decreased. The System Performance data in HMIS (Client Track) does not simply generate a number, it also generates a list of the clients/families that returned to homelessness.
2. The providers on the HMIS/CE committee share information and ideas on reducing the risk factors of returning to homelessness. Typical risk factors in Monroe County are very high rental costs, loss of employment, and mental health/substance abuse issues. The COC is implementing shared counseling/training, improving the referral process within HMIS to encourage increased client use of available resources, and increasing the number of case workers.
3. The CoC Board of Directors is responsible for oversight and the Executive Director is responsible for the implementation of the strategy.

2C-5.	Increasing Employment Cash Income—CoC's Strategy.	
	NOFO Section V.B.5.f.	
	In the field below:	
1.	describe your CoC's strategy to access employment cash sources;	
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their employment cash income; and	
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.	

(limit 2,500 characters)

1. The COC strategy is to offer programs for job training, employment counseling, work placement, basic skills training, education, English proficiency, workfare, financial or household management, apprenticeship, and any program necessary to ready a participant for work (including a substance abuse or mental health treatment program).
2. As clients utilize the programs described in item 1, case managers use their connections with the organizations listed in item 2 and other connections in the community to offer clients jobs with increased pay.
3. The CoC Board of Directors and Oversight Committee is responsible for oversight and the Executive Director is responsible for the implementation of the strategy.

2C-5a.	Increasing Non-employment Cash Income—CoC's Strategy	
	NOFO Section V.B.5.f.	
	In the field below:	
1.	describe your CoC's strategy to access non-employment cash income; and	
2.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase non-employment cash income.	

(limit 2,500 characters)

1. CoC program case managers work with Career Source South Florida, One Stop, Community for Independent Living, and Vocational Rehab to help individuals and heads-of-household find and keep employment. The CoC also advertises and provides transportation as necessary, to Job Fairs, trainings, and other opportunities. All of the COC's HUD-funded projects offer monthly meetings with mainstream employment organizations as well as regular financial and life-skills counseling. Recognizing that homelessness is often a barrier to maintaining existing jobs or obtaining new ones, the CoC also funds agency programs that provide transportation vouchers, personal hygiene items, monthly haircuts, cell phones, mail boxes/a mailing address, and work clothing/shoes as appropriate.
2. The CoC Board of Directors and Oversight Committee is responsible for oversight and the Executive Director is responsible for the implementation of the strategy.
