

## Living Hope Montessori Materials List

### Early Childhood

- Inside shoes - These should have rubber soles and be comfortable to wear while inside the school building. (Croc style shoes recommended.)
- Rain boots and rain suit - We will use them on our nature walks when the weather is rainy and the ground is muddy.
- Extra socks - These are needed for rain boots if the child comes to school wearing shoes without socks.
- Change of clothes - These must be labeled with first and last name, in a large zip lock bag (Please send a shirt, pants, underwear, and pair of socks – we will keep these items at school in case your child needs a change of clothes.)
- Small backpack (optional)
- Insulated lunchbox - Students will need to bring their own lunch each day.
- Water bottle - Water is the only drink allowed in the classrooms. We want students to stay hydrated, so we ask that they have a water bottle to use in the classroom. They may bring juice in their lunchbox to be consumed at lunch.
- Nap mat - If your mat does not include a blanket, you may want to send a light blanket as well.

### Wish List (Optional Items to Contribute)
