St. Timothy's Children's Center

What We Are Learning

This month we will be welcoming each other back from our Christmas Holiday as well as discussing weather. The students will be study weather to varying degrees. Learning how it happens, how it effects our lives, and things we can do to help keep our planet healthy.

Words To Know

Precipitation:
Any form of water (liquid or solid) that falls from the atmosphere to the Earth's surface, driven by gravity, including rain, snow, sleet, hail, or drizzle, formed when water vapor condenses in clouds and becomes heavy enough to fall
